

PAYMENT SCHEDULE

To streamline the accounting process and eliminate the handling of payment through terminals and drivers, we kindly request that payment be remitted directly to our Florida office before transportation.

You have two options:

1. Pre-pay the entire balance when submitting your signed contract.
2. Pay a \$250 deposit upon sending your signed contract and settle the remaining balance before transportation.

Payments can be made through our website (<https://swadautotransporters.com/payment-for-transport>) via credit card, incurring an additional 3% convenience fee, or with personal check, cash, ZELLE, or cashier's check as outlined in your contract.

ZELLE payments have become a popular form of payment without fees. To find our account, please use either this email or phone number associated with our account:

954-868-8012 OR carhaulers@gmail.com.

Thank you! We appreciate your business!

PACKING OF PERSONAL ITEMS IN VEHICLES
RESTRICTIONS & GUIDELINES

Dear Valued Client,

We are taking time to address a very important matter regarding the packing of personal items in your vehicle for transport.

We are considered to be a "common carrier" in the auto transportation business and not a "household good" carrier. Many of our "snowbird" customers like to pack some of their personal items in their vehicles to take back and forth to Florida. While these items are never inventoried and there is no insurance to cover these personal items, we have allowed our customers this *courtesy* as long as the items are packed **in the trunk area only** and everyone complies with the guidelines and restrictions that have been set in place in order to make this possible.

These guidelines and restrictions include but are not limited to:

1. No more than 100 pounds permitted (usually 1-2 suitcases of content)
2. Items must be confined to TRUNK AREA ONLY
3. If shipping an SUV or Station Wagon, any personal items must be positioned
 - BEHIND the furthest rear seat;
 - NOTHING allowed in the 2nd & 3rd row;DO NOT FOLD DOWN 2nd & 3rd ROW SEATS
4. All items must be BELOW the window line and within the 100 LB limit
5. Please see checklist of items NOT PERMITTED to ship in the vehicle on your

VEHICLE PRE-SHIP CHECKLIST

Unfortunately, many customers have taken advantage of this courtesy by disregarding these restrictions causing us to be overweight at the scales, absorbing heavy fines, and incurring long delays for the drivers.

This season, many of your vehicles will be picked up by local flatbeds. Unfortunately, if your vehicle is overloaded at time of pick up and/or is not in compliance with the guidelines set forth for a safe transport, SWAD AUTO TRANSPORTERS, INC. reserves the right to refuse shipment of your vehicle.

Please help us in maintaining a safe and timely transport by complying with all shipping guidelines. If you do not know how much your items weigh, please try to weigh them on a scale and not assume that because you've shipped them in the past, you can ship them that way again.

There have been many new DOT regulations that have come into play over the last year and in order for us to provide safe and timely transport and maintain competitive pricing and excellent service, we ask that you partner with us by complying with our guidelines in order to make this transport the best ever!

Below are a few photographs of vehicles that have been overloaded and are not acceptable for transport.

Thank you for your cooperation!

Happy travels!

Kevin & Annette Swad

your help and cooperation.

AUTO TRANSPORT **"DOOR TO DOOR"** **SERVICE** ***Defined...***

In the auto transport business, a
"door to door" service consists of a pick
up or delivery either by a flatbed or
directly by the 80 ft. car carrier.

Please note: When the 80 ft. carrier
itself is coming directly to your door, it
is oftentimes necessary to load or
unload your vehicle at the closest
parking lot or open area in order for the
carrier to maneuver the equipment.

Private residential neighborhoods,
weight restricted roads & low-hanging
tress, etc. make it impossible for an
open car carrier to service directly in
front of your door.

**Please be prepared to meet the driver
at the nearest location.**

Your cooperation is greatly appreciated.
Together we can make this transport a
most successful one.

Accessory and Antenna Alert!

All exterior aftermarket
accessories must be removed.

This includes any object
extending above or below the roof
or fenders that did not come as
original equipment on the car from
the factory. Any part on the car
that is less than 4" from the
ground must be removed.

**This procedure is the owner's
or responsibility.**

Items not removed or retracted
could cause damage to your
vehicle.

**Swad Auto Transporters, Inc.
will not be responsible for
damage caused by failure to
remove these items.**

Your cooperation will help in
avoiding damage to your vehicle
and others on the transport.
