PRESS RELEASE

Lost Province Center Announces SECU Foundation Grant

On June 11, 2023, Lost Province Center for the Cultural Arts was pleased to host Caitlin Duke, Grants Manager at State Employees Credit Union Foundation along with several local leadership team members. The SECU team visited our historic Lansing School to present LPCCA with a check for \$40,000. This 2-year capacity building commitment by SECU Foundation represents a strong partnership in fulfilling our vision of preserving the Lansing School and the unique cultural arts of our region for future generations. LPCCA would like to thank all SECU Members, Leadership and the SECU Foundation for their generous support and engagement in Lost Province, Lansing and the school.

At the Lost Province Center for Cultural Arts, our mission is to bridge the urban-rural divide, revitalize our community and promote the cultural arts and skills of the Southern Appalachian region. The preservation of a historic property will provide a spacious venue for classes, special events, sustainable multi-use housing, a signature farm-to-table restaurant and a showcase gallery
