

Lost Province Center

FOR THE CULTURAL ARTS

Update

The new year is here, and we have been busy making our events calendar for 2020. We invite you to participate in our fundraising events and appreciate your donations of time and money in 2020. Want to learn more and stay connected? Please sign up for our newsletter at the link below...

January 25th 6-10 pm - 70's Party

In partnership with Gary Brown at the Brew Haus, we are throwing the best 70's party ever! Come dressed as your best hippy with tie dye, bell bottoms or platform shoes - dress up and win the best dressed competition. 70's music and games, including door prizes and raffle tickets, will add to the evening. A donation of \$15.00 gets you in the door. Buffet and cash bar.

February 10th - 14th - For the Love of Art

Spend Valentine's week spreading the mission and vision of LPCCA and help our fundraising efforts sharing our website with your loved ones. Our largest donor of the week will receive a romantic weekend getaway. The Loft in West Jefferson that is accompanied by several gift cards.

HISTORIC RENOVATIONS TO COME

Once the purchase is complete, we will work closely with the State Historic Preservation Office (SHPO), National Register of Historic Places (NRHP) and Preserve NC on the restoration of the Lansing school. Application for local, state and federal grants can also begin. And we will continue to raise funds through special events, online fundraising and private investors.

Appalachian Cultural Art Education

LEARNING AT YOUR PACE

We are creating a learning space where students can come together, learn together and teach together.

The cultural art and skills curriculum will be unlimited. We will teach you the skills you need to make a profitable business in the eight basic mediums of wood, glass, metal, fiber, culinary, music, clay and stone.

Have you seen our table tents!

Thank you to Boondocks, Sweet and Savory, Bohemia, Carolina Country Wines and Pie on the Mountain for displaying for us

"Our Mission is to revitalize our community by preserving and renovating an historic property, promoting the cultural arts and skills of the Appalachian region, and creating sustainable multi-use housing."
