### Rearranging the Chairs on the Titanic

We all know of the tragic sinking of the Titanic in April 15, 1912, when it hit an iceberg in the north Atlantic, 400 Miles off of Newfoundland, Canada. That impact doomed the unsinkable ship the moment it struck the Iceberg. Pretending everything was normal by rearranging the chairs on the deck would have been a fruitless job to busy the hands of those who were going to perish anyway. Admitting they were in peril and working to solve the problem would have been much smarter. Launching lifeboats or filling them to capacity would have saved many more, but the idea of the ship sinking was ignored until it was beyond help.

Are we ignoring the fact that the American Legion is taking on water and sinking lower in numbers yearly, while we methodically go about our ways and continue as though nothing is happening? Let's face the facts that our numbers are decreasing and new members are fewer in number each year. Yes, it is a fact that many of the World War II members have answered the final

call, and Korea and Vietnam is closing in at a fast pace. The fact remains that there is a new generation of veterans who have met the requirements for membership in the American Legion, yet few join. In 2017 we had a membership of 1,717 members. Over the past several years the trend has been a loss of 8 percent. If this holds true again this year our expected renewal would be 1,545.

We are now entering the time of our year when memberships for 2018 start arriving at the post. Each year I read notes on several renewal slips that criticize our post for the cost of membership and state that they are not getting their money's worth. Our post has not raised membership cost for years. These increases have come from national and the state. We receive \$11.00 from the \$46 dollars submitted for dues. Your cost per day is .08 cents. This is a huge bang for your buck. We also feel the loss of revenue from lost members, but still manage to submit a budget that meets the Four Pillars of the Legion.

### **Advocacy in Washington**

The American Legion is the nation's most influential, effective and dependable advocate of veteran affairs fighting for better active-duty pay, improved housing for active-duty families and helping to ensure that the VA's medical system can properly care for veterans. Need an example of what the Legion is fighting for in Washington? The Senate's markup for the 2018 defense authorization bill was revealed this week. The Senate aligned itself with DoD's budget request to increase pharmacy copayments and to repeal a grandfathered TRICARE fee structure, under the guise that it is too confusing and costly.

This legislative proposal goes even further and aims to raise pharmacy cost shares even higher. By contrast, the House voted to maintain the current grandfathered TRICARE fee structure and pharmacy cost shares and maintain fee increases tied to COLAs. MOAA strongly supports the House proposal to stick with the current TRICARE fee structure, which prevents disproportional fee increases foisted onto military beneficiaries.

The fee increases proposed by the Senate are nothing short of an assault on beneficiaries' hard-earned benefits. Beneficiaries are being asked, *again*, to fund readiness accounts and other DoD projects with money out of their own pockets, rather than asking the broader base of American taxpayers for their support. Sadly, this regrettable practice has become almost routine. Your dues help to support those causes that you earned and need. Worth the cost of a membership? You will need to decide this!

**Individually we stand alone; together, we make a difference!**

Please Note: I've been informed that your State dues will increase as of January 1. If you pay prior to this date you will save \$6 for the year. **On January the dues will increase to \$46 instead of \$40, so pay early to avoid the increase.** Due to a delay with the state and national dues processing, it is possible that you will receive a due notice even though you have paid. We mail your 2018 card the day we receive it. If you have your 2018 card, you are paid up for the year. Ignore this renewal notice--throw it away.

As always, thank you for your membership and more important, thank you for your service.
