

# 2024 OKC Conquer Pain Workshop

Saturday, September 14th, 2024

10am - 4pm

Rose State College- Jeanie Webb Student Union 1910 Hudiburg Drive, Midwest City, OK 73110

In the US alone, over 50 million people suffer daily with chronic pain, at an estimated cost up to \$635 billion per year. This makes up the largest marginalized population in the country- and the current system of treating the “symptoms” isn’t working- the numbers are growing. Research insists we must take a holistic community-centered approach, hence the OKC Conquer Pain Workshop!

This one-of-a-kind experience will be a life-affirming and fun-filled day for the community to connect with local Healers, Vendors and fellow warriors! This will be a time for aspiring healthcare professionals (local students) to gain experience and resources for a truly holistic approach to caregiving. The OKC Conquer Pain Workshop will see us all come together to conquer pain, and take life back on our own terms!

## ABOUT THE WORKSHOP

We are passionate about bringing people together for the purposes of exploring all the ways to conquer pain together! There will be music, movement, and lots of healing energy in the room!

- FREE E-Book, "Will Power Warrior: Guide to Conquering Chronic Pain"
