We organized the second dissemination event of our Erasmus project Inspire Creativity (2020-1-TR01-KA227-ADU-098179) in July 2023.

We shared the results of our project, which aims to increase the digital technology, design, marketing and support skills of low-skilled individuals who work / will work in the field of Creative and Cultural Industry, which includes sectors such as Publishing, Advertising and Marketing, Cinema, Music, Software, Design and Fashion, Architecture, Photography, Entertainment and Arts, Cultural Education, Radio and TV, with our stakeholders operating in this sector and providing adult education.

With this event we disseminated the project results locally and increased the project writing/execution capacity in each province.
