

Company profile

Quality is our brand

About Us

Stilwave Enterprise was formed in 2020, and the company is a forward- thinking, environmentally conscious trusted bulk water supplier based in Kimberley, South Africa. We specialize in providing high-quality treated and untreated bulk water, as well as bottled water, to meet a wide range of commercial, industrial, and domestic needs. At Stilwave, we go beyond just delivering water - we deliver sustainability, reliability, and exceptional quality. Our Head office is situated in Kimberley, South Africa, and we are also considering expanding throughout the Northern Cape.

Our Vision

To become the Northern Cape's most trusted and sustainable water supplier, setting the standard for quality service, environmental stewardship, and innovation in the water industry.

Our Mission

To provide dependable, safe, and eco-friendly water solutions through responsible sourcing, green energy, and customer-focused service.

Core Services

- **Treated Bulk Water:** Purified using advanced Reverse Osmosis (RO) technology, our treated water is safe and ideal for drinking, cooking, cleaning, and commercial use.
- **Untreated Bulk Water:** Perfect for non-potable applications such as construction, mining, and irrigation.
- **Bottled Water Supply:** Clean, refreshing bottled water purified through reverse osmosis for daily use in homes, offices, events, and hospitality businesses.

Our Green Commitment

At Stilwave, sustainability is not an afterthought — it's at the core of how we operate.

- **Solar-Powered Operations:** We utilize solar panels to power our water purification systems and operations, significantly reducing our carbon footprint.
- **Borehole Water Sourcing:** Our water is drawn from natural underground boreholes, ensuring a consistent, independent supply free from municipal interruptions.
- **Eco-Friendly Delivery:** By streamlining our delivery routes and servicing within a 10 km radius, we reduce fuel usage and emissions.
- **Low-Impact Footprint:** Our water processing system is designed for minimal environmental disruption, aligning with our goal to preserve nature while serving the community.

Why Choose Stilwave?

- ✓ **Reliable Water Supply** — No business disruptions, even during municipal outages
- ✓ **Pure, Safe Water** — RO purification ensures safety and freshness
- ✓ **Green & Independent** — Solar-powered and borehole-based supply
- ✓ **Free Delivery** — Within a 10 km radius of Kimberley (t & c applied)
- ✓ **Year-Round Service** — We deliver in all seasons, no matter the challenge
