Date: July 16th 2025

Rejection of all The World Health Organization and WHO, International Health Regulations, Pan American Health Organization and all subsidiaries

Notice to Principal is Notice to Agent, Notice to Agent is Notice to Principal

This is formal and official Notice from The Minnesota Assembly, a State of the Union and member State of The Federation of States of The United States of America (unincorporated). This Notice also serves as formal and official notice that The Minnesota Assembly and its People/people are in agreement with the International Public Notice to the World Health Organization (WHO) dated January 9th 2023 and issued by the Hereditary Head of State for The United States of America (unincorporated), James Clinton Belcher. Minnesota, the Land and Soil State, is not a member of the World Health Organization or any related entities. As such, The Minnesota Assembly (Unincorporated), writes to you with firm resolve and clarity to formally reject any and all proposed amendments and articles to the International Health Regulations (IHR), as well as any associated treaties and/or instruments that seek to:

- Undermine national or local sovereignty;
- Transfer binding legal authority to unelected international bodies;
- Bypass individual rights and due process, and/or constitutional protections for the People/people;

- Impose medical mandates, surveillance mechanisms, or data-sharing frameworks without explicit consent of The People/people;

We vehemently reject the proposed amendments, articles, and agreements—all of which have been negotiated without meaningful transparency or public consultation—represent a direct threat to the foundational principles of informed consent, bodily autonomy, self-determination, and accountable governance;

This order is protected by the Federal Constitutions, Articles of Confederation, Treaties, Foreign Sovereignty Immunities Act, and Law of Peace. Any of your pandemic emergency, acts, declarations, statements or actions are not lawful on the land and soil known as Minnesota and are wholly rejected by the People/people on Minnesota. All infringements are considered as acts of terrorism;

Let it be clearly understood that:

1. No international body, including the World Health Organization and the WHO, has lawful authority to impose obligations upon The People/people without their direct consent;

2. Health emergencies, no matter how defined, do not nullify unalienable and natural rights nor supersede the constitutional limitations placed upon any government body or delegated authority;

3. Any delegation of authority that violates these principles is null and void ab initio and shall not be recognized or enforced within our jurisdiction;

4. There is no authority granted to Mr. Trump in his capacity as “President” of the “United States of America, Inc.” to do or say anything on our behalf or to make any contractual agreements for this country;

5. Americans and the Public in general are under no such compulsion to obey or comply with any demand made by the Trump Administration nor any foreign corporation, such as the World Health Organization and WHO, INC.;

All contracts, including tacit agreements, require informed consent of both parties. Anyone who interferes with our lawful activities and unalienable rights after having been served notice of these claims, and who fails to properly dispute or to make a lawful counter claim, is breaking International Law. The Fee schedule for the above is: A ten thousand (\$10,000.00) lawful dollar fee per hour (or portion thereof) will be charged to the officer and/or agency if interrogated or detained by any law enforcement officer conducting the business activity of revenue collection for its corresponding agencies of corporate government. A one hundred thousand (\$100,000.00) lawful dollar fee per hour (or portion thereof) if handcuffed, kidnapped,

transported, incarcerated, or harmed in any way. A one-hundred million (\$100,000,000.00) lawful dollar fee will be charged for each loss of life;

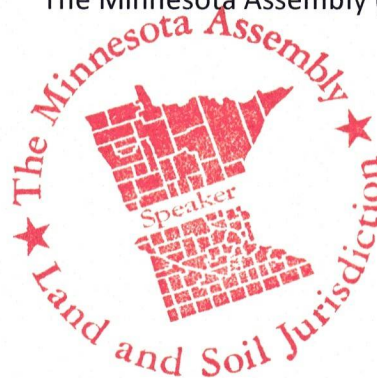

This rejection is immediate and binding in this notice of understanding, notice of intent, and notice of our claim of right. This notice also serves, again, as agreement and affirmation of The Minnesota Assembly and its People/people with the International Public Notice to the World Health Organization (WHO) dated January 9th 2023 and issued by the Hereditary Head of State for The United States of America (unincorporated), James Clinton Belcher, see enclosed copy;

Cc: Donald J. Trump, President of the United States of America, Inc.

Public and International Notice to the World Health Organization (WHO)

By Anna Von Reitz

Issued [January 9th, 2023](#)

The American Public is not subject to or bound by any arrangement which has been signed by Joseph R. Biden, or any member or officer of his corporate administration, agreeing to amend our borders or accept World Health Organization Protocols.

There is no authority granted to Mr. Biden in his capacity as "President" of the "White House Office, Inc." to do or say anything on our behalf or to make any contractual agreements for this country.

If Municipal citizens of the United States agree to accept World Health Organization authority over their private and public health care decisions, that applies only to direct employees of the Municipal Government corporation within the confines of the Washington, DC Municipality.

It does not apply generally to the Public nor to Territorial Employees nor anywhere within the borders of our States.

We are issuing this Notice to prevent any possible misunderstanding related to the nature and extent of Mr. Biden's authority, and specifically calling your attention to the strict limitation of that authority with respect to Americans.

He can tell his employees to paint themselves purple or commit suicide and it will be up to them what they endure for a paycheck.

The rest of us are under no such compulsion to obey or comply with any demand made by the Biden Administration or any foreign corporation, such as the World Health Organization.

Thank you very much for your time and attention.

James Clinton Belcher, Head of State

The United States of America
