October 11th 2024

Greetings to the man, Timothy James Walz, who at times does act as Governor, Tim Walz and Timothy J. Walz for the Territorial State of Minnesota and as GOVERNOR for the MUNICIPAL STATE OF MINNESOTA, TIM WALZ; and/or the men and women who do at times act as his successors and/or assigns;

This is to provide lawful and legal notice to you in your personal and official capacities that The Minnesota Assembly, Land and Soil jurisdiction is in session and does hereby accept The Minnesota State Trust, which is now vested in the people. The members of The Minnesota Assembly are properly declared, recorded, and published as either American State Nationals or American State Citizens. As American State Nationals and American State Citizens, we are self-governing people who keep the peace and uphold the Public Law of The United States of America (unincorporated). See enclosed "*Public International Notice – Our Government(s)*".

Our unincorporated government "of the people, by the People and for the people" now in Session presents itself as the lawful and sovereign American government. The Minnesota Assembly is the Employer of the MUNICIPAL STATE OF MINNESOTA and the Territorial State of Minnesota, both of which are foreign, for profit, commercial corporations in the business of providing governmental services, since the Reconstruction Acts of 1865. Mr. Walz, you are a MUNICIPAL Corporate Officer when in your role as the GOVERNOR of the STATE OF MINNESOTA and a Territorial Corporate Officer when in your role as the Governor of the State of Minnesota, making you a foreign agent on American soil. While occupying the Territorial office you are under contract to provide government services functioning in the

international jurisdiction of the sea. While occupying the MUNICIPAL office you are under contract to provide government services functioning in the global jurisdiction of the air. The Minnesota Assembly functions in the international jurisdiction of the Land and overstands both the international jurisdiction of the sea and the global jurisdiction of the air. The actual and organic state, Minnesota (unincorporated), governed by The Minnesota Assembly, is not in service to its Employees. Rather The Minnesota Assembly, which is entirely populated by properly declared Minnesotans, provides direction to its Employees. Mr. Walz, you are our employee and with this notice, we are here to advise you as stated further in this notice. *Please see enclosed "Structure Chart for the American Government."*

We, The Minnesota Assembly wish to fully inform you and the corporation(s) that you represent are employed by us to provide governmental services as outlined in the Constitutions and per the Northwest Ordinance of 1787. We are obligated to bring to your attention the crimes and harm done to the living men and women on Minnesota. These include, but are not limited to, failure of your usufructuary duty, unlawful conversion, identity theft, mischaracterization, securities fraud, personage, barratry, bogus mortgages and so much more.

For example personage, which is the crime of knowingly misrepresenting a living man or a living woman as a legal fiction known as a corporation such as a trust, public utility or foundation. *Please see enclosed the example "Diagram of Fraud."*

Another example which happens on a daily basis in your corporate "District Courts," is barratry. This is the crime of knowingly bringing false claims and charges based on personage in order to use foreign statutory law against living men and women. These are high crimes committed under color of law. Please see attached "General Information for Attorneys, Judges, and Politicians."

The vast crime and fraud must be recognized, opposed and corrected. It is our intent to clean up and correct this mess that has proliferated for decades.

You and the corporations that you manage, their franchises, agencies and employees are under contract to protect and serve the people on Minnesota. Therefore you owe us good faith service, friendship and support. See enclosed "Notice to Federal Agents and Agencies."

Are you confused about what your true role is in your work with these corporations, the State of Minnesota, Incorporated as Governor, Tim Walz (Territorial) and the STATE OF MINNESOTA, INC., as GOVERNOR, TIM WALZ (MUNICIPAL)? This represents a bifurcation of your office. However, we are here to help you come to a correct and lawful understanding.

The list below shows the current top five (5) most concerning issues that require remedy for all Minnesotans, those born on this land and soil or who have adopted Minnesota as their home state:

1. Cease all registrations of babies (BIRTH CERTIFICATES) which unlawfully converts them to a foreign political status as U.S. Citizens, which is an unconscionable contract, as well as private property such as land, cars, houses and the like, which are done under conditions of fraud and deceit.
2. Cease the application of Commercial traffic codes and regulations to non-commercial activities on the public roads, highways, byways and streets by average Minnesotans simply traveling in the course of their daily lives.
3. Cease the application and enforcement of Minnesota Department of Revenue/MINNESOTA DEPARTMENT OF REVENUE codes, rules and regulations to non-taxpayers/non-Taxpayers/non-TAXPAYERS who are people that don't actually work for the State of Minnesota/STATE OF MINNESOTA or any of its political subdivisions such as a county or municipal corporation (COUNTY OF HENNEPIN, CITY OF MINNEAPOLIS).
4. Investigate who is responsible for the dimming of our skies via weather manipulation, geoengineering and chemical aerosol spraying into the atmosphere. Identify and bring to justice those found responsible for the poisoning of our air, water and soil.
5. Cease and desist the activities of municipal water providers to "treat" drinking water with poisonous chemicals such as fluoride, chlorine and other toxic agents.

Tim Walz, you and the corporations that you administer along with all franchises, agencies and agents, are under contract with the People on Minnesota to provide good faith service and to protect and defend our natural and unalienable rights as endowed by our Creator and guaranteed by the Constitutions, to which you took an Oath to uphold.

It is our expectation that you read and acknowledge this Notice as well as all enclosures and if you wish to respond, please do so within thirty (30) days of the date on this Notice to The Minnesota Assembly, at the address shown on the first page. We look forward to hearing from you and working together to provide all people on Minnesota their lawful American Government.

Notice to Agents is Notice to Principals and Notice to Principals is Notice to Agents.

International Public Notice: Our Government(s)

By Anna Von Reitz

There is an American Government.

There is also a Federal Government called the United States Government, which exercises certain enumerated and delegated powers of the American Government, on behalf of the American Government.

These are, obviously, not the same things.

There are supposed to be three (3) Federal Subcontractors providing the American Government with stipulated and enumerated services.

There are presently only two (2) such Subcontractors --- and both of them are foreign.

The American Federal Subcontractor has been dormant since the Civil War Conflict.

The American Federal Subcontractor, known as the Federal Republic, was operated by the original Confederation of States (1781) doing business as the States of America.

That's why the Federal Constitution of 1787 which was awarded to the Confederation is called, "The Constitution for the united States of America".

See the name of the original Confederation (1781) echoed in the Federal Constitution of 1787? States of America?

That's because the Confederation of States (1781) was running the Federal Republic (1787), our American Federal Subcontractor.

When the original Confederation of States dissolved in 1861 and the Federal Republic Congress adjourned sine die for lack of a quorum to conduct business, the Southern members of the original Confederation (1781) split off and formed the Confederate States of America (1861) with Jefferson Davis acting as the "President" of this new organization of "Confederate States".

Always remember that a "Confederate State" is a State of State, a business organization that provides basic routine government services on behalf of the actual State.

There's a reason that this name, "States of America" and references to "Confederate States" keeps showing up, and it's plain to see.

The Union of States formed 1776, with **Union States** as members --- Union States are formed from the combined physically described Counties within the State borders.

The Federation of States formed 1776, with our familiar physically defined **States** as members.

The Confederation of **Confederate States**, meaning "States of States" like The State of Illinois, as members, formed 1781.

The American Government is thus composed of Union States, States, and Confederate States, gathered together as the Union, the Federation of States, and the Confederation of States, respectively.

Our American Federal Subcontractor providing us with "essential government services" delegated under The Constitution for the united States of America was run by the Confederation of States (1781).

When the Confederation ceased functioning for lack of a quorum, so did the American Federal Republic cease functioning.

Both have been awaiting "Reconstruction" by the States ever since.

(1) Only the States can reconstruct the American States of States (our "Confederate States").

(2) Only the American States of States (our "Confederate States") can repopulate the vacated Confederation of States.

(3) Only the American Confederation of States can operate the American Federal Republic -- the American Federal Subcontractor that is supposed to be operating under The Constitution for the united States of America (1787).

Furthermore, Americans live in the physically-defined Counties of the Union States. They stand upon the subsoil, the land, of the Federation States. **Our founding document is The Unanimous Declaration of Independence.**

We, Americans, don't live under any Constitution and never have. Our States are the Principals issuing all three Constitutions as service contracts.

Our States are the Principals donating all the "mutual powers" that are delegated first to our Federation of States and from the Federation of States to the Federal Subcontractors.

It's from this transfer of powers delegated by the States to the Federation and from the Federation to the Federal Subcontractors that the "Federal Government" gets its name.

Our Federal Employees live under one of the Federal Constitutions, and presently, only two of the Federal Constitutions are still functional.

The Constitution of the United States of America is the foundation document for our British Territorial Subcontractor doing business as the United States of America, Incorporated.

(Not to be confused with the Federation of States (1776) doing business as The United States of America, which is unincorporated.)

The Constitution of the United States (1790) is the foundation document for our Holy Roman Empire Subcontractor (City of Rome Successor) doing business as the United States, Incorporated.

(Not to be confused with the combined Union States doing business as The United States, which is unincorporated.)

American Government institutions are all unincorporated, because they are either sovereign states or instrumentalities of sovereign states.

The United States Government institutions are all incorporated.

The States of America, Incorporated, acting as the Federal Republic, was incorporated by the States of America, unincorporated.

The British Territorial entity, the United States of America, Incorporated, was chartered by the King of Scotland on behalf of Great Britain.

The Holy Roman subcontractor operating as the United States, Incorporated, was chartered by the Holy See.

Study these facts and you will know all you need to know about the basic structure of the American and United States Governments, both.

You will also see that the United States Government is ultimately subordinate to the American Government, first because the American Government is unincorporated and sovereign in nature, and second because the United States Government works under contract for the American Government.

This is also demonstrated by the iconography and emblems of government.

The Great Seals used by the United States (Incorporated) and the United States of America (Incorporated) are completely enclosed by a solid line circle, physically demonstrating that they are functioning under limited, circumscribed, enumerated and delegated powers.

The Great Seals of the American Government are not enclosed by a solid circle, demonstrating that we exercise unencumbered sovereign powers.

This is your Fair Warning and Notice that in the absence of our American Federal Subcontractor, the two foreign Federal Subcontractors have been improperly acting in its stead without revealing this circumstance to their Employer, and have been exercising delegated powers never vouchsafed to them.

This is also your Fair Warning and Notice that these two foreign Federal Subcontractors have acted in Breach of Trust and in violation of their service contracts and have gone rogue, under color of law.

This is also your Fair Warning and Notice that these two foreign Federal Subcontractors have acted in the interest of Foreign Powers, to conduct wars for profit and have committed other unlawful, illegal, and immoral actions in conflict of interest and contrary to the Law of Nations and International Law.

This is also your Fair Warning and Notice that these two foreign Federal Subcontractors have used our wartime flag, known as the Title IV Flag, provided for their use when exercising our delegated powers in time for war, for misleading, improper, offensive, and mercenary purposes that are not allowed under our contracts with them.

This is also your Fair Warning and Notice that these same Foreign Interests have recently set up a new corporation styling itself as "the American Government, Incorporated". This is obviously being done to further confuse their corporation's "government" with our American Government, so as to muddy the water and continue their predatory practices and impersonations.

This is also your Fair Warning and Notice that our actual American Government has been officially and in fact at peace since the closure of The War of 1812 and we are flying our peacetime flag with vertical stripes in token of our peaceful intent and status.

This is also your Fair Warning and Notice that some hirelings of these foreign Federal Subcontractors, known as "Federal Agencies" and their corporation franchises have been misdirected to do dirty work for the Foreign Principals responsible and by the Federal Subcontractors themselves. These Agencies including the FBI, CIA, DARPA, DOD, DOJ, DHS, NSA, EPA, FEMA, BATF, IRS, USTPO, VITAL STATISTICS, DTC/DTTC, and others have been used as sock puppets and potential scapegoats to commit crimes under color of law at the direction of these foreign Federal Subcontractors. These crimes start with unlawful conversion, impersonation, identity theft, fraud upon the courts, murder, genocide, crimes of state, conspiracy against the Constitutions, illegal warfare, embezzlement, racketeering, illegal surveillance, illegal detainment, pretense of war, inland piracy, illegal confiscation, and more.

This is also your Notice and Fair Warning that these "Federal Agencies" are being misdirected and used for criminal purposes under color of law and are not imbued with any authority under our Constitutions.

Notice to Agents is Notice to Principals; Notice to Principals is Notice to Agents.

This is a standard information in the criminal sense, so that all and any attorneys have appropriate communication in hand to avoid committing acts of personage against Americans who are in fact the Naked Owners holding the unique and only survivorship interest in their Named Estates.

The Breach of Trust begins when the victims are only a few days or weeks old. Unidentified persons address the Mothers who have just given birth and present paperwork that they claim is just routine hospital recordkeeping paperwork; neither the words on the page nor the explanation prove to be anything amounting to "full disclosure" --- for example, the nature of "the United States of America" is not disclosed to be a foreign corporation; the word "Incorporated" is omitted throughout and numerous deceitful legal terms are used, for example, describing the natural Birth Mother as an "Informant"; in earlier versions of this same scam Mothers were mischaracterized as Unwed Mothers who were abandoning their babies as Wards of the State-of-State Franchise Corporations.

This same routine paperwork was also signed by Medical Doctors who outrank Attorneys in the British Naval Services and Order of Titles, so that no Attorney can object to this fraud. Doing so would be countermanding the orders of a Superior Officer.

So you are all neatly off the hook to the extent that the Medical Doctors bear the brunt of the liability, except that knowingly participating in crime and using the excuse that you were only following orders has already been discredited by the Nuremberg Tribunal and is unlikely to prove a successful excuse for knowingly and unlawfully converting the nationality and political status of an American baby to that of a British Territorial Ward of a State of State franchise corporation of the United States of America, Incorporated --- an action that denigrates a free born man or woman to the political status of an Indentured Servant owing allegiance to the British King and the British Crown Corporation and also converts a man into a "Human Person" and then human traffics the victim into the foreign jurisdiction of Maritime Commerce and Admiralty.

This presumed-to-exist British Merchant Seaman, conveniently, a Warrant Officer known as a "Taxpayer" is about to meet an unfortunate and tenuous demise, as he will be declared legally dead, "missing, presumed lost at sea", while the American this fictional Merchant Mariner is named after --- remains blissfully unaware of all of this.

The victim of this complex impersonation scheme has his life estate "waived" for him unwittingly by his Mother, who is acting without any benefit of disclosure when she waives his American estate "for" him by signing these hospital documents, and we have a baby far too young to be aware of the existence of this unconscionable contract. This whole fraudulent wrap up results in: (1) an American infant decedent Estate; (2) a new British Territorial Estate belonging to a Merchant Seaman using the same Proper Name as the American; (3) a following Intestate Estate belonging to the "missing" British Merchant Mariner --- and there is more fun-and-games to come.

This is all based on a purported contract that is (1) undisclosed to the Mother, and (2) which the baby has absolutely no cognizance of --- a totally unconscionable contract seeming to obligate him to a lifetime as an indentured servant and U.S. Citizen of the British Territorial United States.

As a British Accredited Registry (BAR) Attorney you are now engaged in administering and perpetuating this cowardly and vicious breach of trust and personage scheme.

After the Mother signs the initial contract at the hospital, the Department of Commerce acts as a Usufruct and takes the personage a step further; it copyrights the baby's name, and uses the baby's name to create numerous Municipal Corporation franchises, via the DEPARTMENT OF COMMERCE and under Municipal Code, beginning with the infant decedent estates appearing in American Sign Language (aka Dog Latin) such that an American baby named Samuel Jacob Stein is converted into a British Territorial U.S. Citizen of the same name, trafficked into the jurisdiction of the sea, and then impersonated a second time as SAMUEL JACOB STEIN, a Municipal Corporation ESTATE TRUST and franchise of the US, INC. A number of "derivatives" are then dreamed up in rapid succession – the SAMUEL J. STEIN public transmitting utility, the SAMUEL J STEIN special purpose vehicle, and so on.

Not so amazingly, the Department of Commerce forgets its Usufructuary responsibility toward all these slaves that are created "in the name of" the American victims, and hordes of attorneys just like you, spend their lives prosecuting these vaporous THINGS as if they actually exist.

They even make up new names and proliferate more and more such "derivatives" out of thin air as targets for them to prosecute in the foreign Maritime Courts. All these FOREIGN PERSONS are created under the Municipal Code of and by the Municipal Government of Washington, DC, and have the political status of slaves, conveniently appearing to be named after American babies.

Of course, the whole point of this is to find some plausible excuse to confuse the identity of the American baby with all these foreign poppets in order to mischaracterize, racketeer, illegally confiscate, plunder and pillage the people that you are supposed to be here serving in Good Faith.

All Bar Attorneys engaged in prosecution of anyone under this scam should be advised that they are not at "war" but are rather engaged in a commercial Mercenary Conflict that is as bogus as all the rest of this claptrap; they have no protection or recourse to the Law of War; this began with the so-called American Civil War which was never declared by any Congress nor ended by any Peace Process, though President Andrew Johnson did declare "peace of the land" by proclamation three times, and thereby did form a contract of peace with the Americans naturally populating the land and soil of this country.

You are now in receipt of this communication from one such American who woke up and stands ready to recite chapter and verse, to produce evidence of the crimes committed against him (or her) in the form of the Birth Certificates issued each time their identity was trafficked to a new jurisdiction, and has declared, recorded, and published their claim of their birthright political status and their survivorship interest in the British Seaman's Estate, and also any material benefit of the Municipal ESTATE subsequently created and its DERIVATIVES.

We know who we are and we have proof of all the malfeasance, fraud, and crimes of personage which have been perpetuated upon us by members of the American Medical Association and the Bar Association, more than enough to convict every participant in this "system" of fraud, human trafficking,

unlawful conversion, inland piracy, personage and barratry, and conspiracy against the Constitutions --- and against us, the peaceable and loyal Employers who have been so grossly presumed upon.

If you have availed yourself of any extra creative impulses and made up any additional DERIVATIVES or attempted to saddle any of us with any bogus new names or misapplied any titles like "Mr." to any plain old average American, there is also your own Federal Code:

18 USC §513 (a) provides that: "Whoever makes, utters or possesses a counterfeited security of a State, of a political subdivision thereof, or of an organization, or whoever makes, utters or possesses a forged security of a State or political subdivision thereof or of an organization, with intent to deceive another person, organization, or government shall be fined not more than \$250,000 or imprisoned not more than ten years, or both."

These foreign Municipal PERSON slaves are used as securities and when you make up new names and try to attach them to Americans to make up new derivatives as targets for prosecution, you are engaged in counterfeiting these purported securities, and willfully participating in these venal fraud schemes, breaches of trust, and criminal activities. You have been fully informed.

*Claims that recipients of mRNA shots are rendered “Transhumans” have already been outlawed in this country. Recipients should have been protected by the Usufructs and their Successors; failure to protect the living man and Primary Principal (Lawful Person) at any stage of this progressive legal fictionalization results in capital level crimes of unlawful conversion under both the Hague and Geneva Conventions, kidnapping, inland piracy, conspiracy to defraud, identity theft, crimes of personage, etc.

**Blue indicates Legal Fictions derived from living and Lawful Persons. Usufructs must protect the living people and their Lawful Persons from any harm or loss resulting from the use of their Names.

*** Remember that there is no military conflict and no recourse to the Laws of War or Peace; all “wars” since and including the American Civil War have been Mercenary Conflicts only. How the Assets, Money and Credit System is Related to These “Persons”:

Name Style	Nature	Rights
Alan Paul Watts	Man	Natural and Unalienable Rights
Watts, Alan Paul	Principal / Lawful Person	Principal Person / (Infant Decedent American)

All physical assets belong uniquely to the living Man, along with all Credit derived from these physical assets including but not limited to precious metals, land, cash, and corporate assets. All asset-backed currency, coinage, and tokens having physical value in-and-of- themselves belong to the living Man and his estate. The United States Silver Dollar and the United States Gold Eagle coin is actual money belonging to the living man and to his estate as are all other property interests, material and immaterial. Thus, all attempts to redefine and denigrate the living man are also actions calculated to deprive him of his natural estate and ownership interests and are fundamentally used to defraud him.

This Legal Person exists in the Admiralty Jurisdiction as a British Territorial U.S. Citizen and is an Indentured Servant subject to a tour of duty, term in office, or similar set period of time to be in such service; the currency associated with this entity is the Federal Reserve Note (FRN) which is securitized by the body, energy, labor, and performance contracts of these Legal Persons under a system of "voluntary" peonage the value of which is guaranteed by a Long Form Birth Certificate Bond based on the anticipated value of the lifetime earnings of the individual; supplemented by Miller Act Child Labor Bonds, and other Contract Bonds during the Person's purported "lifetime" and later based on the value of the British Seaman's Estate. The value is additionally extracted via "voluntary" donations of "income taxes" rated as Gift and Estate Taxes collected by the Internal Revenue Service. The Federal Reserve Note is a fiat currency denoted as a military scrip issued by a consortium of private banks and guaranteed by the estimated value of the individual as a Bonded Mercenary. The FRN is not a negotiable instrument as it does not stipulate what species of money or currency it will be paid back with, nor does it give a "date certain" for its repayment. As such, it is the equivalent of Monopoly Money and nobody, including banks that steal FRNs, can be charged with theft owing to its purely theoretical future value. It's existence and use is objectionable as the result of peonage, fraud, and inequitable forced exchange of actual goods and services for unsecured IOUs, but it nonetheless remains a domestic legal tender currency of the British Territorial United States of America, Incorporated and enjoys a monopolistic market within The United States, based on the false idea that the U.S. Army is occupying our country as the result of a legitimate unresolved war --- the American Civil War --- which was in fact a undeclared Mercenary Conflict owed no consideration under the Laws of War and Peace.

These entities and derivative entities appearing to be names in all CAPITAL LETTERS represent a variety of Municipal ESTATE trusts, public transmitting utilities, and Special Purpose Vehicles (SPVs); these entities are all engaged in Maritime Commerce, all have the political status of slaves, all are securitized based on intellectual property rights belonging in fact to the American Baby who has had his identity unlawfully seized upon, redefined, unlawfully converted, trafficked, and finally denigrated to the status of a THING owed only "Equal Civil Rights" and represented by another ESTATE TRUST, a Municipal Cestui Que Vie, and its Derivatives. These entities are all "citizens of the United States" within the meaning of the infamous Fourteenth Amendment to the Corporation Constitution issued by a defunct Scottish Commercial Corporation deceptively calling itself "The United States of America" --- Incorporated, and issued in 1868; how anyone can claim any authority based on the Fourteenth By-Law Amendment of a long-defunct Scottish Commercial Corporation that went bankrupt in 1907 is beyond imagination, but it is consistent with the pattern of fraud and deceit which has been the hallmark of all these dishonest, disloyal, and treasonous activities by the Federal Subcontractors. The individual intellectual property rights seized upon

include the copyrights, trademarks, contracts, inventions, licenses, patents, and other creative and intellectual property which is rolled up into a "PKI" and deposited along with the second Municipal BIRTH CERTIFICATE as chattel deposited with the International Monetary Fund. The value of the Municipal Slave BIRTH CERTIFICATE is supplemented by annual "gifts and donations" and labor and performance contracts extracted from each slave and additionally collected from these TAXPAYERS by the separate Municipal Government IRS. The form of money associated with this series of PERSONS is the United States Dollar (USD) an international asset-backed currency presently based on the value of refined oil products and the manufacturing capacity and service delivery capacity of actual franchises of the US CORP. The USD is negotiable as cash but having increasingly diminished cash value as a result of collapsing long term bond markets. The use of the USD is objectionable because part of its value base is based on slave labor, another part based on purloined intellectual assets, another part based on the coerced collection of "gifts" as taxes, and the overall self-interested fraud involved in its production, promotion, and sale as "our" international currency. The only sense in which either the FRNs or USD currencies are American is that they have been backed using purloined American assets and labor.

ALaN P WaTTs	Transhuman Entity*	GMO owned by DARPA, licensed to Microsoft Slave – No rights of any kind.
WaTTs, ALaN P	Decedent Transhuman	Disposal by Owners

These entities are incipient at this point, as their creation involved fraud and Terrorism and Genocide and the claims creating them as Genetically Modified Organisms (GMOs) owned by patent have already been outlawed. The idea behind this was for the parent and franchise US Corporations to make a lot of money up front from the sale of vaccines and tests and medical services, make money long term off all the illnesses spread and inculcated by the vaccines, and create another class of "subhuman" slaves without any rights at all, available to be experimented upon, worked without recompense as slave labor in permanent Quarantine Camps, used as biological transmitters, incubators, or whatever else the madmen behind this initiative dreamed up. Their labor, former estates, Estates, and ESTATES, and all other assets would have been acquired by the criminals behind this and used to guarantee and fund "Central Bank Digital Currencies" – basically nothing but digits entered upon bank ledgers, which the banks could honor or erase at will, use for political sanction of individuals, and otherwise oppress and harm the living people that they stole everything from in the first place.

This summation of the situation would perhaps be unbelievable, except that we have already traced the history and actions of these miscreants over time and witnessed their deliberate and self-interested denigration of their Employers and their increasingly gluttonous and arrogant and uncaring attitudes toward the people that they are supposed to be here serving in "good faith".

We have called for the liquidation of all these lawless corporations and the return of the assets and credit to the lawful American Government for the benefit of the living people who have suffered all this at the hands of their own Employees, people who were taking their paychecks and pensions from our pockets the entire time that these increasingly criminal and coercive schemes were being developed "in our names".

You have been fully informed concerning these additional aspects of the Great Fraud.

The lake-home message to you as an American is that you are most likely in the right church, but in the wrong pew. You have, most likely, been mis-identified as a **Federal Citizen** and not counted as an **State National** or **State Citizen**. Federal Citizenship is created by the Constitution(s) and therefore, **Federal Citizens are not Parties to the Constitutions** and have **no constitutional guarantees** — only "Equal Civil Rights" that

can be suspended. If you want to claim your "Natural and Unalienable" rights and property, you have to **declare and record** your political status as an American State National or American State Citizen (that is, a Member of your State Assembly) and you cannot act as any kind of **Federal United States Citizen at the same time** as you participate in your **State Assembly**. The additional message is that a large portion of your

government has been "missing" in action" and awaiting "Reconstruction" since the Civil War. This work can only be accomplished by properly organized State Assemblies populated by American State Citizens. International Public Notice: Notice to Federal Agents and Agencies

By Anna Von Reitz

As presented recently, the foreign Federal Subcontractors operating under The Constitution of the United States of America and The Constitution of the United States have been very remiss in their duties and have since the 1930s hired hundreds of subcontractors known as Federal Agencies to do their work for them.

Instead of putting these Agencies and their Personnel on their own payroll and paying themselves for all this extra help, these Territorial and Municipal parent corporations have charged all these additional services for themselves against their contracts with our Government without our permission and without our knowledge and without presenting us with a single bill or accounting--- leaving us to think that they were paying for all these extra people to do their work for them out of their own receipts.

Instead, they have been illegally, unlawfully, and immorally accessing our credit and charging all this largesse of "government" to us.

As a result, we have had more than 350 Federal Agencies ram-rodding around pretending to have authorities re-delegated to them by our Federal Subcontractors, being paid using our assets and credit, which has resulted in the Federal Subcontractors misdirecting these so-called Federal Agencies to do things that are harmful to us, but profitable to the parent corporations.

The FDA (Food and Drug Administration) and its grotesque malfeasance and fraud regarding nicotine and the NIH (National Institutes of Health) regarding the recent so-called pandemic, were used as examples of Federal Agencies (that is, subcontractors of Federal Territorial and Municipal Corporations that are

themselves Subcontractors of ours) operating against the Public Good and Public Interest, but nonetheless purloining their paychecks and merely presumed authorities -- ultimately, from us.

The promulgation of all these Federal Agencies began in the years immediately following the so-called Civil War, and rose to a crescendo during the Administration of Franklin Delano Roosevelt.

We never agreed to pay for all this extra Hired Help for our Hired Help, and are serving Notice that we will not pay for any services of any Federal Agencies that don't serve the Public Good, nor will we support the paychecks, benefits, and pensions of any Agency Personnel who refuse to take the required Oath (or Affirmation) owed by our Public Employees:

An individual, except the President, elected or appointed to an office of honor or profit in the civil service (citizens of the United States) or uniformed services (U.S. Citizens), shall take the following oath:

“I, (Name), do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter. So help me God.”

This section does not affect other oaths required by law. (Pub. L. 89-554, Sept. 6, 1966, 80 Stat. 424.)

This is both a Public Law and a Federal Statute.

All Public Employees, including Agency contractors, are required to know and accept the responsibility of a public paycheck, which includes taking this Oath.

The Constitution referenced is the Municipal United States Constitution, but all Constitutions must conform to the Federal Constitution issued in 1787 as amended and as ratified by our States.

Only amendments ratified by our States are enforceable as Law; any other amendments passed as By-Law Amendments or unratified Administrative Policies are peculiar to the foreign service providers and their personnel only.

The concept of "re-delegation" of enumerated powers and representational capacities has repeatedly been considered by the United States Supreme Court as recently as last year and found wanting. Members of Congress have been repeatedly told that no, they cannot delegate away their legislative powers and re-delegate their legislative powers to Agencies.

The power of Agencies to create and enforce Administrative Code is strictly limited to their own internal operations and to their own personnel, and cannot be foisted off as "Law" on the Public at Large.

This same issue of "re-delegation" applies in many aspects of government services incorrectly structured as public-private partnerships, such as the relationship of the Territorial and Municipal parent corporations with the Internal Revenue Service/IRS and the Social Security Administration/SSA, which are privately owned for-profit subcontractors trading upon and operating under color of law "as if" they were actually part of the Federal Government and as if their Agents were imbued with authority under our Delegated Powers.

They are not.

As an example of how these private organizations have purloined public power, we have examined the Internal Revenue Service/IRS --- which claims to have power and authority vested in it by the unratified Sixteenth Amendment to The Constitution of the United States of America.

As already noted, an "Amendment" that is not ratified by our States has no force of Public Law impacting the General Public of this country and can only pertain to the service provider and their personnel adopting such a measure.

The Sixteenth Amendment to The Constitution of the United States of America was never ratified by our States and never passed into any form of Public Law. In essence, it provides for a "kickback tax" to be paid by Federal Employees and their dependents as tax on the privilege of public employment.

This is an instance of our Federal Subcontractors playing dirty with their own Employees, and then foisting this off on the General Public, using the False Registration and impersonation scheme that we have detailed elsewhere, enabling them to "mistake" members of the General Public of this country as Federal Employees and Dependents.

This has promoted charging us for the vast unauthorized expenses of these so-called Federal Agencies and using these Agencies to harass innocent Americans under color of law, to illegally confiscate the value of their labor and their physical assets and to terrorize them with loss of their good reputations and the enforcement of illegal bills of attainder against them-- resulting in shame and jail time for people who never owed the Federal Corporations a dime.

This one so-called "public-private partnership" alone, between the Internal Revenue Service and IRS and the Territorial and Municipal parent corporations operating as our service providers, has resulted in literally trillions of dollars of damage to our overall population and the economy of this country.

None of this was ever authorized by our Government under our Delegated Powers and is about as "Federal" as the Federal Reserve, another glaring instance of malfeasance and misadministration by our foreign governmental services providers and their vendors.

It is worth noting that the Internal Revenue Service/IRS has no enforcement powers of its own, and instead, illegally "borrows" enforcement powers from the Bureau of Alcohol, Tobacco and Firearms (BATF) ---and uses constructive and purposeful fraud to do so.

Having created and operated foreign Legal Fiction Persons named after American babies, the same fraud artists have made up entire life narratives for these fictional characters, all involving the interstate (international) manufacture, sale, or transport of alcohol, tobacco, or firearms -- they then present these False Narratives wherein the identically named Legal Fictions are engaged in things like running rum distilleries in Barbados, to the BATF officers, who then assist the IRS in collecting the purported taxes owed by these Legal Fictions from the totally clueless Americans they are named after.

This is a force of arms racketeering and international money laundering scheme promoted by private subcontractors of the Territorial and Municipal Corporations

responsible, and it has been used to Terrorize innocent Americans for over a hundred years.

Most recently, Joe Biden accessed our credit illegally and without any valid authority, to hire 87,000 more IRS Agents to harass and terrify Americans who aren't Federal Employees, and who aren't aware of ever having adopted any Federal citizenship obligations.

Thanks to the unconscionable nature of the birth registrations obtained without disclosure to the parents of the victims, and the age of the victims themselves, these purported contracts have been the fraudulent basis of this impersonation and racketeering scheme, the foreign money laundering, the financial terrorism, the accusations of "tax evasion" and tax debts -- all purportedly owed by people who are actually the creditors and employers of the scum responsible for this situation.

The responsibility for the performance, misdirection, abuses, and ignorance overall of these Federal Agencies and Federal Agents, remains the liability of the Territorial and Municipal service providers, who have self-interestedly let these Agencies run roughshod over their own Employers, to misrepresent their Employers, and to mischaracterize and impersonate their Employers in the name of their own corporate profit.

These "errors" and omissions have not yet been satisfactorily corrected and resolved here in The United States nor in the various occupied Territories and Municipal enclaves abroad.

For starters, we wish for all 87,000 new IRS hires made by the Biden Administration to receive pink slips --- Notices of Termination of Employment.

We won't pay to harass and terrorize ourselves anymore, and there is no imaginable need for such a mammoth workforce to collect employee payroll taxes from people who are legitimate federal employees.

All Federal Agencies are hereby put on Notice of the nature of their employment and limitations of their roles and authorities as mere vendors to our Territorial and Municipal Subcontractors and nothing more.

Agencies cannot exercise re-delegated powers of any kind.

Agencies cannot continue to misaddress members of the American General Public as if we were Federal Dual Citizens.

All Courts and For-Hire Jurists are hereby fully informed that they cannot rely upon and should not give credence to contractual obligations presumed to exist on the basis of undisclosed and unconscionable birth registrations and the subsequent creation of Municipal franchise PERSONS, nor can they rely upon the purported "life-narratives" of fictional Legal Persons provided by Federal Agencies including the Internal Revenue Service/IRS, BATF, FEMA, SSA, etc.

When living people show up in the foreign courts of Admiralty and Maritime Commerce and tell you that they have the only survivorship interest in these Legal Fictions named as Defendants or as DEFENDANTS and they bring forward foreign Birth Certificates as evidence of the crimes committed against them by these shameless and treasonous human traffickers -- believe it and Cease and Desist from continuing to misaddress these Americans. They are the victims of crime, not the promoters of it.

These Americans are in fact the Employers and Creditors of the recklessly mismanaged and criminally misdirected Territorial and Municipal Corporations and their Federal Agencies.

Notice to Agents is Notice to Principals; Notice to Principals is Notice to Agents.
