## **Pumpkin Spice Pudding Slime**

### **Ingredients**

Pumpkin pudding mix – or your favorite instant pudding mix

Cornstarch (Use less if you want to have slimier slime)

Warm water

Optional- 50 drops of yellow food coloring and 9 drops of red to make it look extra pumpkin orange.

Optional- Pumpkin Spice for smell.

### **How to make Slime with Pudding**

Place your pudding mix, cornstarch, and water together in a medium bowl.

Use your hands to stir the mixture until it is all combined.

Remove the dough from the mixing bowl and knead it for 2 to 3 minutes until the dough is well combined.

You can combine your food coloring and pumpkin spice now and mix really well.

If your mixture is too firm you can add more warm water just make sure you do this over the bowl. If the mixture is too soupy you can add extra cornstarch until it starts to form a ball.
