Horizon Echassis Mobile Battery Power Unit (intermodal)

Horizon MSRP: \$***

Projected CA end customer cost: \$***

(plus licensing, title, and tax)

* Final drive-off prices will vary with state & federal incentives the customer qualifies for and local tax/title fees.

Clean Power for Refrigeration: The Horizon Echassis is a mobile power unit that provides clean, electric power to refrigerated shipping containers, eliminating the need for diesel.

Energy Efficiency: One Echassis can power a 40' refrigerated container for 67 hours, saving 55 gallons of diesel and reducing CO2 emissions by 1,237 pounds.

Battery Options: Available with battery capacities of 472 kWh, 373 kWh, and 198 kWh to suit various needs.

Nationwide Service Network: Supported by a nationwide service network, ensuring reliability and convenience for all users.
