1. Introduction / Opening Greeting

Greetings in the name of our LORD JESUS CHRIST. We give thanks to the Almighty GOD for the opportunity to serve HIM through WeRemnant. We have successfully ordered the Starlink kits for our schools and one kit has already been delivered and it's already at school. We will be setting it up in the course of the week and finally activating it. This program is aiming to serve 120 pupils from our schools.

2. Monthly Summary / Key Accomplishments

We are grateful to receive funds for the Starlink kits and we are already working to ensure that they are ready to serve the purpose. We thank GOD for this far and also we thank WeRemnant for standing in to ensure that kids who had lost hope in life are now hopeful and pursuing different career pathways for them to better their future. Upon successfully installing the Starlink kits, the kids will get access to the network and also computer lessons. This will help them learn more and acquire more knowledge from online.

3. Current Challenges / Goals for the Next 90 Days

Now that we are going to install Starlink across our schools, it will be good if we have desktops to enable our students to learn more in the internet field. This will help them be more vast and competitive enough in internet space.

4. Call to Action

1. Introduction / Opening Greeting

All glory belongs to JESUS for another productive month! The month was going well and the children have been studying well. We have experienced a few interruptions from the government, and we had the challenge of high cost of food heavy rainfall and scarcity of water.

2. Monthly Summary/Key Accomplishments

This month we thank GOD for the following: One of our students, Kule John testified about his changed life from suffering to good life where he is now studying well. He appreciates WeRemnant so much for the great support. Kabugho Molly also expressed her appreciation of how she was happy to be in an orphanage, and she says her life changed since she joined the orphanage.

3. Current Challenges

We have the following issues: High cost of food all over Kasese and lack of medication. Also, we have no nurse; in case the children get sick, we will have to travel to a hospital far away.

4. Goals for the Next 90 Days

Our goals for the next 90 days include the construction of boys' hostel wall around the house of boys and fencing the farmland.

5. Call to Action

Your faithful generosity allows WeRemnant to meet the physical, emotional, and spiritual needs of many of the most vulnerable children and families in Uganda. Lives are transformed, relationships are restored, and communities are changed because of YOUR generosity.
