A letter from our Board Chair & Executive Director

Dear Friends,

We are so pleased to share with you our first Annual Report, which covers the time period from July 1, 2018 to June 30, 2019. **We could not be more proud of all that Women & Family Life Center has accomplished this year because of you and your support.**

Thanks to our generous community, our total revenue this year totaled \$395,994.79, the highest amount on record outside of a capital campaign! This increase in new donations and grants has ignited fresh energy, ideas, partnerships and growth over the past year that have helped us provide and expand programs and services to meet the needs of women and families across the Connecticut Shoreline.

We were busy this year! After undergoing and adopting a new strategic plan that will guide us through 2023, here are just a few highlights of our past year's accomplishments:

1. **Our Guided Assistance Program (GAP) grows by 53 percent!** As a result, we hired an additional full-time Referral Navigator; now we have two social workers ready to meet the needs of women and families.
2. **Men Who Cook reaches record highs!** Our annual fundraiser in October achieved the highest attendance and donations to date, all to help support women and families. Thank you to the chefs, sponsors and attendees that made it happen!
3. **Girls for Girls: A Limelite Project launches legacy of empowerment to benefit women and families!** Tracy Tolisano and her dance team created an event that celebrates girls in our community for their kindness, bravery and all the qualities that make them uniquely who they are. It is now an annual event that we are excited to be a part of. This year they donated \$18,000 to Women & Family Life Center.
4. **Financial Consults expands to Branford site!** In partnership with Branford Counseling Center (BCC), we now offer financial education appointments at BCC.
5. **Girls Coach Girls Run celebrates 10 years of building community & confidence in the next generation of young women!** 70 girls, grades 4-12, from Madison & Guilford, participated in our innovative after-school leadership program that promotes self-esteem, self-care, healthy relationships, and community.

This report also details Women & Family Life Center's updated mission, vision, and core outcomes, as well as our new tagline: 'Support. Empower. Grow.' On behalf of all of us at Women & Family Life Center, thank you for your passion, dedication and belief in helping women and families overcome life's challenges in order to reach their goals and achieve their full potential.

Please feel free to contact us at 203-458-6699 or mscanlon@womenandfamilylife.org if you have any questions or comments or would like to discuss how you can help support, empower and grow Women & Family Life Center to continue our work together to create a world where women and families can turn the impossible into the possible.

Our Mission & Vision

Strategic Direction

Women & Family Life Center **empowers women and families** to face challenges and transitions in their lives with **strength and confidence**. Our Center offers women and families access to a strong network of support, education and community to make life transitions a time of positive change during a time of isolation, fear, and financial distress.

Rosemary was referred to us by her children's school principal. She and her husband and their children were facing housing insecurity, health challenges and financial strain.

Our Referral Navigator connected her with additional assistance programs and is currently assisting her in securing new employment. Rosemary knows she is not alone, and with her increased confidence, she is helping her family stay strong.

"Women & Family Life Center is a wonderful organization. This group of extraordinary women have given me a wealth of support in difficult times... from gift cards and toiletries to handmade quilts. But for me the biggest gift has been socialization. I have been introduced into a neighborhood of friends.

Women from different towns with unique life affirming stories meet to do arts and crafts, cooking, etc....freeing us from everyday life to rejuvenate and recharge. Socializing with my peers is something I've grown to look forward to."

VISION

What We Hope to Achieve

Women & Family Life Center envisions a world where life transitions and crises for women and families become less about uncertainty and doubt and more about hope, positive change and community. We believe that where you are today does not determine your future. Through education, support, community and a little fun and laughter, women and families gain the strength, knowledge and skills to stand up for themselves and others. They strive for a better life and set out on a path toward greater access to economic security and success, freedom from violence and harassment, access to safe and affordable housing, and a stronger, more supportive community network.
