by Larry Nobles

Happy Thanksgiving. Here are some less than positive things that make me say ... I AM THANKFUL:

- 1) ... my parents **weren't rich**. I wouldn't have understood the value of hard work.
- 2) ... my mother didn't **spare the rod**. Nuff said.
- 3) ... I had **three small car wrecks** when I was a teenager. None since because it forced me to put first things first.
- 4) ... that in the 9<sup>th</sup> grade, I joined a fellow freshman, who was black, fight a burly white senior who was beating him up. Together **we lost the fight**, but he never did that again.
- 5) ... I was **"dumped"** by a couple of girlfriends. Would have never met Vicki.
- 6) ... I was **not great** at baseball, football or basketball. Defaulted to theater ... which changed my life and dreams and helps me even today in audiobooks.
- 7) ... I **lost every single game** of pool my dad and I shot (a ton of them). He didn't give me something I didn't deserve. *(But he always let me think I was improving).*
- 8) ... I **didn't get that TV weatherman job** in Dallas, or I would never have gone into ministry. But I still give out the same forecast if anyone ask about the weather in 6 months or the outcome of their life after accepting Christ. *"Partly Cloudy, chance of showers."*
- 9) ... that **my many faults** didn't keep us from being blessed with two incredible, God-fearing daughters.
- 10) ... that **despite all my many sins**, I am a child of God destined for Heaven.

**It's just crazy.** Over the past few years, there has been substantial growth in audiobooks across the globe poised to grow at a compound annual growth rate of **24.4 percent by 2029** ... far outpacing e-books.

And guess what?

**They never go out of print!**

With **14 books narrated in 2021**, my goal for 2022 is to narrate at least **18 books for 2022 (25% more)**. I'd love to help you ... but ...

## NOT JUST ANY BOOK

My passion (calling) is to help Christian authors who have a powerful, poignant, and purpose-filled message that is driven by biblical principles and will ultimately point readers/listeners toward Christ. This past year I also had the privilege to narrate two marvelous business books whose underlying principles reflected a heart-felt application of scriptural values to lead and live by. *(John 17:21)*

I'm thankful this month has been productive.

- Completed narration of **"Becoming God's Epic: Fulfilling Your Purpose in Christ"** by Billy Murchison, Jr. *(Available on Audible in December).*

- Concluded the 14-month long **Non-Fiction Audiobook Narration** training with Sean Pratt.

- Completed **"Life Interrupted: How to Face a New Normal"** by Dr. Jeff Schreve to Audible.

- **LIFE INTERRUPTED: How to Face a New Normal – Dr. Jeff Schreve**

If you're looking for a voiceover for your audiobook, let me encourage you to contact Dr. Larry Nobles. **He has such a warm, friendly, approachable voice that surely captured my heart in this book.** I really loved the way he brought these truths to life. He also has a great heart for the Lord and ministry and is just a super guy.
