HEART OF THE HOME

THE WORLD'S *finest* INSTRUMENTS FOR THE WORLD'S *finest* HOMES.

STEINWAY & SONS believes the piano is the *heart* of every fine home. An expression of timeless elegance, style, and beauty — every STEINWAY grand and upright is a masterpiece of *craftsmanship* and a consummate *work of art*.

Since 1853, STEINWAY & SONS has made the finest pianos in the world. The meticulous crafting and superior materials used in today's STEINWAYS give them a responsiveness and quality of tone that cannot be felt or heard in any other piano. Created by artisans committed to absolute perfection, the STEINWAY sets the world standard for sound, touch, beauty, and investment value.

With a wide range of styles and models, STEINWAY specializes in working with each individual to match the world's *finest* musical instrument to the inspiration of their dynamic homes. STEINWAY will create one-of-a-kind pianos in unique colors or finishes to match any design plan. We can even match a Pantone swatch. Whether it's a subtle difference, such as the clean modern lines of the Astor STEINWAY, or a more eye-catching statement like a Red Pops STEINWAY, a custom-designed piano will suit the distinctive styles of even the most unique homes.

EXOTIC WOODS

The STEINWAY CROWN JEWEL COLLECTION is an exclusive series of spectacular STEINWAYS that feature particularly fine veneers. High-quality Mahogany, Walnut, Kewazinga Bubinga, East Indian Rosewood, Macassar Ebony, and other veneers are available.

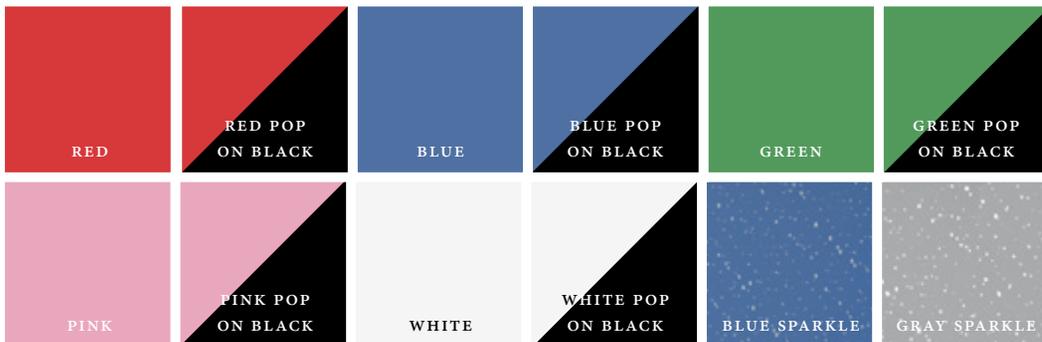

CUSTOM WOODS

CROWN JEWEL pianos are encased in your choice of magnificent woods.

A POP OF COLOR

The STEINWAY POPS COLLECTION offers a fresh take on a revered classic. Vibrantly colorful accents breathe character into an Ebony grand piano. A rainbow of color choices make this special collection piano an exciting choice to express personality, individuality, and style.

CUSTOM COLORS

Colors can be fully customized and special ordered.

THE ASTOR

Like the STEINWAY, mid-century modern style is a timeless look. THE ASTOR builds on the classic STEINWAY architecture, subtly weaving clean lines and organic curves to ensure form follows function. For a twist, the STEINWAY leg is turned on an angle. The music desk is accented by a brass inlay. The pedal lyre is cast in solid brass, complementing the brass concert casters beneath each leg. A matching bench is included.

THE TEAGUE

THE TEAGUE SKETCH 1111 is a masterpiece of mid-century modernism. It was designed by American industrial designer and architect Walter Dorwin Teague to commemorate STEINWAY'S 100th anniversary in 1953. The piano comes in a dark Walnut veneer or a satin Ebony finish, with a simplified case, tapered legs, tailored arms, and subtle brass ferrule accents.

SKYLINE

SKYLINE offers a unique view of any compelling skyline that captures your imagination. Envision your favorite city, a family estate, a beloved mountain range, or any other skyline. This piano combines dazzling and iconic visual representation with the stunning musicality for which STEINWAY is known. Available in all STEINWAY grand piano sizes and as a STEINWAY SPIRIO.

DUET

The dynamic Duet STEINWAY piano has a dual personality, with a white or Ebony exterior finish and your choice of three exotic woods—Santos Rosewood, Figured Sycamore, or Macassar Ebony—on the underside of the lid and inner rim. The instrument is accented by sterling finishes.

SPIRIO

The STEINWAY & SONS SPIRIO is the world's *finest* high resolution player piano. A masterpiece of artistry and engineering, SPIRIO enables you to enjoy performances captured by great pianists — played with such nuance, power, and passion that they are utterly indistinguishable from a live performance.

The high resolution library of music is recorded exclusively for the SPIRIO. Each month, new music, videos, and curated playlists are released — making it the choice for an expert *player* or a great *listener*.

* Available in STEINWAY grand Models B and M.

THE STEINWAY GRAND

The STEINWAY GRAND is the gold standard of musical instruments, representing over 165 years of dedication to craftsmanship and uncompromised expression. It is for these reasons that over 19 out of 20 concert pianists choose the STEINWAY grand piano — and why the instrument remains at the heart of cultured homes the world over.
