

MODEL A SALON GRAND

Reintroduced in 2005 due to popular demand, this legendary piano was first designed by C.F. Theodore Steinway in 1878. It is known for delivering a grand sound in a medium-sized piano.

At 6'2" (188 cm), this grand produces a powerful and warm sound, the result of a scale design that allows the solid spruce soundboard to freely and efficiently vibrate. This piano is large enough to satisfy those who demand a full, rich bass, yet is small enough to fit into almost any home.

Comes Standard in Ebony High Polish. Also Available by Special Order in White High Polish and in the Following Beautiful "Crown Jewel Collection" Wood Finishes: Mahogany, Walnut, Kewazinga Bubinga, East Indian Rosewood, Macassar Ebony, Figured Sapele, Dark Cherry, Santos Rosewood, African Pommele.

Comes Standard with Gold Cast-Iron Plate and Brass Hardware. Also Available in "Sterling" with Silver Cast-Iron Plate and Nickel Hardware.

- Exclusive Use of Solid Wood
- Continuous Bent Rim
- Diaphragmatic Soundboard
- Hexagrip Pinblock
