<u>T/L</u> <u>Spruce</u>	4" min top	Min 20'	Straight and sound. <i>63.70 Ton.</i>

General specifications

All Logs from tree length stems must be included in the load or delivered to Dover

- Spruce and Fir can be mixed if contract allows
- No trees with forks or seams will be accepted.
- No holes or rot of any kind allowed in any stem.
- No pasture spruce.
- CTL tops must be orientated in the same direction.

All wood that does not meet these specifications will be reloaded on the truck and returned to the contractor. The scalers decision will be final.
