Recently moved into a town house and Doris was very understanding with me changing date due to house not being ready. Staff was very friendly! They cleaned up our town home very well and left it smelling fresh and clean.

FANTASTIC! I have used different cleaning services through the years and have never been as pleased with any of them as I am with Foxxs' Cleaning Service.

They was very professional and did an excellent job on my home ! They cleaned blinds, baseboards, and areas that were not covered by my previous service. They helped me out in a holiday crunch and I will definitely be reaching out to get on a regular schedule!

I have worked with plenty of cleaning services in my career, but I must say that the Foxx cleaning company has made something old new again. Their attention to details and professionalism is outstanding. I would definitely continue to use them and recommend
