DEVIOUS NIK

about me

My name is Nicole AKA Devious Nik. I grew up in Calgary and studied in Toronto where I completed my Honors Bachelor of Science.

My interests are in Illustrative and Colorful Cartoon tattoos. I love bold colours and bold line work.

My favourite projects include anime, manga, nerd culture or anything 80's, 90's, 2000's. I can't wait to keep growing as an artist with every curated piece.

DEVIOUS NIK

FAQs

DEVIANT NIK

FAQS

It's my first tattoo! What should I expect?

I am so excited to be the one to create your first tattoo! It's very important to have a nutritious meal ahead of time and a good night's rest.

Tattoo pain is very subjective and varies between individuals. The best description is a mix between a cat scratch and a sunburn. Some locations for tattoos can be more painful/sensitive (l.e. Chest, Feet, ribs).

The length of the tattoo session can also be a factor in pain tolerance. If you are planning to use any numbing products, please let me know so I can help you choose the best product and provide instructions for use.

DEVIANT NIK

FAQS

It's my first tattoo! What should I expect?

Wear comfortable clothing that allows for easy access to the area being tattooed. Be mindful that tattoo ink may end up on your clothing.

Painfully Pretty Tattoos has nipple pasties, privacy barriers, and covers to provide you comfort for discreet areas.

Feel free to bring some water/drinks and some snacks, especially for those longer sessions. A blanket, or warm fuzzy socks can be comforting too!

I'm more than happy to accommodate and answer any questions you may have ahead of your appointment. I aim to provide a safe, informative, and of course fun first tattoo experience!

DEVIANS NIK

FAQs

Can I bring a friend/support person to my appointment?

You can definitely bring one support person to your appointment! We have plenty of space at Painfully Pretty Tattoos. Please limit yourself to bringing only one support person to your appointment.

Do You Tattoo Clients Under the Age of 18?

I will not tattoo anyone under the age of 18. I will be more than happy to celebrate your 18th birthday with crafting a unique tattoo for you!

DEVIANS NIK

FAQs

What are your payment options?

E-transfer & Cash are preferred! I now have a Debit/Credit machine available too!

Do you accept tips?

Tips aren't required, but they are sure appreciated! Whether it's a monetary tip, a handmade gift, or even a coffee. It's always a nice feeling to be extra appreciated.

DEVIANT NIK

FAQS

Can I Get Tattooed if I am Pregnant or Nursing?

Congrats on your little one!
I am more than happy to adjust your appointment, and carry over your deposit until your little of bundle of joy arrives, and you have finished nursing.

I will not tattoo anyone who is pregnant or nursing.

DEVIANS NIK

FAQS

Can I use Numbing Cream Before an Appointment?

If you're planning on using numbing products please let me know ahead of time.

I can recommend products that I have experience with to ensure the best outcome. Certain products can interact and interfere with the tattoo process.

I have products that can use during your tattoo appointment that are less concentrated than traditional numbing creams.

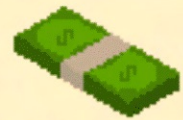

DEVIANS NIK

FAQS

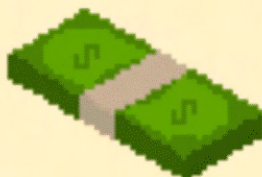

Is a Deposit Required?

Yes. A non-refundable, non-transferable deposit is required in order to hold your appointment. If you were to abandon you appointment, this deposit compensates me for the time I have invested in your design.

If you cannot make it to your scheduled appointment, please contact me a minimum of 48 hours prior and we can rebook for a later date.

The deposit amount will contribute to the final cost of your tattoo.

DEVIANT NIK

FAQS

Is a Deposit Required?

Please bare in mind that if you drastically change your mind about the design we agreed upon, you may forfeit the deposit.

Deposits stay on file for 1 year. After that time your deposit will be forfeit.

I permit a maximum of 1 reschedule. Any subsequent cancelations are subject to an additional deposit to reschedule.

DEVIANS NIK

FAQS

I've got some additional questions and/or concerns. How do I get in touch?

DMs are reserved for my clients that need to get in touch ASAP.

This includes last minute cancelations, inquiries about their fresh tattoo/healing, etc.

I will no longer be responding to DMs in regards to general FAQs, bookings, price estimates, etc

Email is my **preferred** method of contact for any general inquiries, healed photos, touch ups or reschedule requests.

I only take on new projects through my booking form on my website during my booking periods (spring, fall, winter).

DEVIANS NIK

FAQS

Do you have walk-in days?

I am appointment based. This means I book approximately 3-4 months at a time.

This is why you will see me often open/close my books throughout the year

I do have special flash days, fundraiser events or sometimes last minute cancellations. Instagram is where I am most frequently updating these openings.

DEVIANS NIK

FAQS

Will you send me the design ahead of time?

I do not give you your tattoo design ahead of time. At the beginning of each appointment we go through your tattoo design together.

This is where we can make sure you are happy with what I drew up, and if any minor changes are needed, I can do so right there in the shop!

DEVIOUS NIK

Aftercare

DEVIIOUS NIK

Aftercare

What to expect with your new tattoo

Depending on the size and detail of the tattoo, bleeding/weeping may last into the following day.

A bandage with blood, ink and plasma is normal.

Some flaking and minor scabbing. Itchy and dry skin is also expected.

Bruising can occur, especially in sensitive spots (inner bicep, elbow ditch etc).

Tenderness, typically for 2-4 days depending on size and placement.

DEVIANS NIK

Aftercare

What to expect with your new tattoo

If saniderm/clear adhesive bandage is used, keep it on for 48 hours. Any other bandage should be removed the morning after the tattoo.

Once your bandage is removed, clean the tattoo with warm water and a mild unscented soap (perfumes may irritate the tattoo). After it is cleaned, pat the tattoo dry with a nice clean towel.

DEVIANS NIK

Aftercare

What to expect with your new tattoo

Apply unscented lotion as needed. I always prefer my tattoos to be more on the dry side. Keep the tattoo clean, dry and out of direct sunlight.

With any moisturizer or balm, A little goes a long way.

There is no specific brand I require you to use.

DEVIIOUS NIK

Aftercare

What to expect with your new tattoo

If scabbing occurs:

Do not pick or scratch the scabbed skin.

Allow scab to heal on its own. The tattoo will heal fine if it is undisturbed.

Keep tattoo as clean as possible. Basic hygiene is your best friend.

There is no need to re-bandage as the tattoo needs to breathe.

If the area becomes itchy, tap don't scatch. You can also apply a light amount of unscented lotion.

DEVIANS NIK

Aftercare

What to expect with your new tattoo

Things to Avoid:

- Direct sunlight
- Soaking tattoo in water (ie. long baths)
 - Chlorine (ie. hot tubs, swimming pools)
- Vaseline, body butter or other thick moisturizers
- Scratching or picking the fresh tattoo
- Tanning

If you have any questions or concerns, please get in contact with me

DEVIANS NIK

Aftercare

Plasma VS. Pus

Scabs on tattoos tend to either be the color of the ink OR a yellowish color. Assuming proper aftercare is being followed, the yellow-ness is plasma and NOT pus.

Plasma is full of white blood cells and created by your body to promote healing, so this fluid is a normal part of the healing process.

Pus will be thicker, with a far more opaque appearance.

If you have concerns and are unsure, send a picture of the tattoo as it heals and I can help!

DEVIOUS NIK

Glow Ups

DEVIANS NIK

Glow Ups

What's a Tattoo Glow up/ Re-Work?

Tattoo Glow-ups are for clients with aged or unfinished tattoos that need reviving.

I offer consults over email as well as in person.

During that time, we establish what your goals are for your existing tattoo. Whether that be simply re-lining/re-colouring, or a full on glow-up!

Colour Tests

DEVIOUS NIK

Colour Tests

Colour tests are a complimentary service that I offer.

This is to be more accessible for folks who might have been turned away from other tattoo artists.

I recommend a revisit (either in person or over e-mail) after 1-3 months. Together we can see how the colours have healed and we can discuss any concerns you may have.

Together we will make the best informed choice for you and your body!

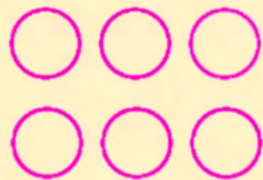

DEVIANS NAK

Colour Tests

A colour test is a small tattoo that helps clients and the artist determine how certain ink pigments hold in the skin.

This is intended for clients with severe skin conditions, melanated skin, or people who have been told they cannot get coloured tattoos.

You can choose from lines, circles or hearts in a few different configurations.
