

God of Possibility

“See, I will create new heavens and a new earth.... the sound of weeping and of crying will be heard in it no more.” Isaiah 65:17a – 19b

When life seems hard and full of woe,
When we feel so defeated,
There's only one fact we must know
And this can be repeated:
No matter the improbability:
God is a God of Possibility.

When nights are dark and stars are gone,
When no hope is insight,
Though you may feel lost and alone,
Just look towards the Light:
When morning seems no feasibility,
God is a God of Possibility.

When prayers are offered in despair
And answers do not come,
God is listening; God cares;
Never grow tired or numb:
Nothing's beyond God's ability;
God is a God of Possibility.

Our Lord has always been steadfast,
Our hope, our strength, our joy.
God's love and grace forever last;
No force can Love destroy.
We find in God peace and tranquility
God is a God of Possibility.

The promises and sweet assurance
That God has made to us
Give us a spiritual endurance
Grounded in faith and trust.
New earth, new heavens, no tears for you or me.
God is a God of Possibility.
