

How to Play

of Players: 2

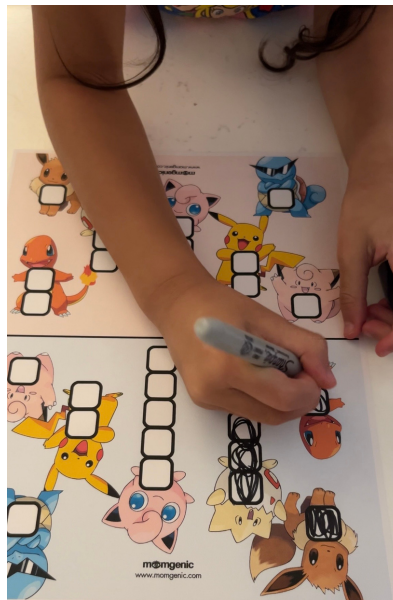

Things You Need: Something to color with, and dice (*DIY dice printout included*)

How to Win: Eliminate all of your opponent's Pokémon by coloring all of their boxes

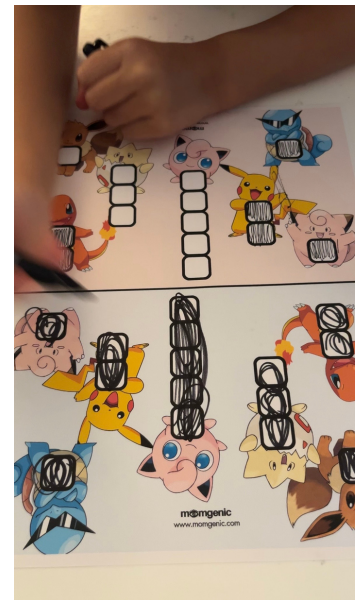

- Print the game, grab your dice and something to color with.
(*I suggest laminating the game so you don't have to print it out multiple times*).
- Determine who goes first (*we played rock, paper, scissors*).
- Roll the dice. The number you roll is the number of boxes you color on your opponent's side. Example: you roll a 4, so you color 4 of your opponent's boxes.
- Take turns until someone has eliminated all of their opponent's Pokémon

**She rolled the dice
and got a 6!**

**So she colored 6 of my
boxes, eliminating my
Togepi, Charmander,
and Eevee.**

**We continued taking
turns, until she beat me!**
