12th Century BC. In a world where legends are born, **Perseus**, the demigod son of **Zeus**, wields the legendary sword **Harpe** to slay the Gorgon **Medusa**. Forged from indestructible **Adamantine**, Harpe stands as a beacon of invincibility. When **Amenomahitotsu no Kami**, **Yamoto Clan** Chieftain and self-declared God of Iron, learns that Harpe is the last remaining source of the sacred ore, he sends his fiercest warriors, **Shin'ichi Tanso** and **Fuma Kotaro**, on a daring heist. Their mission succeeds, and their Lord, driven by dark ambition, merges Harpe with a corrupted form of Blood Magic, creating a weapon the likes of which man or God has never suffered — the **Nexus of ADAMANTO!**

The age of tradition and belief has crumbled to dust, replaced by a new order where power and influence are the ultimate arbiters of fate. Among the fractured Realms, only a select few rise to dominance—the relentless **Yamoto Clan**, the mighty **Tang Dynasty**, the ice-hearted **House of Frostbane**, and the indomitable **Byzantine Empire**. However, supremacy is not enough to sate Yamoto's fierce leader, Lord Kami. With a fury unmatched, he forges the **Nexus of ADAMANTO**, a weapon of otherworldly might that stands to shatter the balance of power. Yet, as Yamoto surges forward, their rivals do not stand idle. Equally cunning and ruthless, they weave their own mystical and technological webs to challenge Kami's unhallowed creation. All the and unseen by all, the true threat awaits — biding its time with inhuman patience as Yamoto and its nemeses drive themselves to the brink of oblivion.
