CHRISTMAS WISH LIST

LOVE heals YOUTH

Every year, the foster youth we serve remind us what true strength looks like. Many of them move 3–10 times a year, often just days before Christmas, leaving behind what little they have. They are limited in what they are allowed to keep. That's why this Christmas list is *simple, meaningful, and intentional*. These gifts help us curate personalized Christmas bags yet allow us to give blindly to youth we may meet only hours before Christmas due to last-minute placement changes.
