

CHRISTMAS WISH LIST

Every year, the foster youth we serve remind us what true strength looks like. Many of them move 3–10 times a year, often just days before Christmas, leaving behind what little they have. They are limited in what they are allowed to keep. That's why this Christmas list is simple, meaningful, and intentional. These gifts help us curate personalized Christmas bags yet allow us to give blindly to youth we may meet only hours before Christmas due to last-minute placement changes.
