

# ***Extra Close***

So close  
Yet farther than a mile

Miss your face  
Miss your smile

Our beat  
Has a slow pace  
But when close  
Face to face  
Nose to nose  
Only God knows  
How fast our hearts pace

Side by side we pose  
Our bodies, we trace  
We need each other's dose  
Kiss your face  
Kiss your smile  
Stay with me, extra close
