

## ***Secrets' Sharpness***

Her heart is a dart  
Your heart is the target

Be very careful  
As she has long hidden-  
The secrets of her sharpness

Know her mind  
Know her desires  
But it's what you don't know  
That you shouldn't admire

Her fabrications can seem to inspire

Be very careful  
Nothing she says- and all that she doesn't  
should be nothing to aspire

She's a gunfire  
But it's her actions that she doesn't know  
are ready to backfire  
and cause her a tearful of hellfire

A relationship you should consider to retire
