

Backstabbing Danger

She diets on cocaine
She hydrates on booze
She stuffs her face on marijuana

She friendships- on hate
For the spotlight to gain a new date

She sex's- on lies
For a taste of willing guys

All her secrets are in the know
Which is why, everyone- away from her, has flown
Yet, she still acts a victim, as if everything is unknown

Her secrets are no stranger
To her backstabbing danger
