

Memory File

For your attention, I daily strive

-Comfortable-

Is the truth in your lies

-Uncomfortable-

Is your shady vibe

-Acceptable-

Is the way you make me feel alive

-Unacceptable-

Is your selfish behavior and all you deprive

-Unforgettable-

Is the quenching sex you provide

-Regrettable-

Is my time invested- now a memory file, forced into archive

The way my love- you've carefully bribed
Was nothing but a medication- I didn't need

The excessive dosage you've prescribed
Was a near fatal hemorrhage- left to bleed

You're poisonous
But my life, I was able to revive
And will forever strive without you- to survive
