

Emotions Are Suicidal

Let me be- don't spy
Refrain from smothering me

Just because I'm not okay
Doesn't mean I'm suicidal

Just because I'm suicidal
Doesn't mean I'm not okay

Emotions are Suicidal
Suicide is an Emotion
Both cause a mental distortion

If I need your help, I will ask
If I don't ask, I will silently cry
You will then, feel my painful outcry
That's when you should desperately try
to help me identify myself in a life so dry
So that I may justify
Why in this world, I can still reach the sky

Help me regrow my wings
so that I may again- learn to fly
