

Hurting Insane

This isn't a game

We're burning in flames
We're hurting insane

We're acting quite lame
Let's both stop taking the blame

This fire we must contain
Smoke is invading our veins
It's burning the skin- up to the brains

A reconciliation, we must entertain
No reason to feel any shame

Our love is fading away
We must find a way
to regain and retain
the love that is causing us pain
