

Lovers' Game

It's all about win or gain

It's certainly, like a wild animal
That cannot be tamed

This lovers' game
Feels more foolish-
Than willingly going insane

With no focus or rationale
Just a stymied plan of attack

Like a deadly bacteria
It eats up your brain

That would explain-
All, that you lack

Weirdly this game,
Grossly strengthens
and utterly quenches
The freaky part of your brain
