

Combustion

My heart's desire,
It cannot be tamed

It's fire for fire
That cannot be contained

As together- we're game

It's darkness or light
Let's put up a fight

Your love burns me insane
Mine, burns you too

We both have the flame
That which, we ignite

It's fire for fire

If one of us leaves
We'll both
burst into flames
and till death do us part

As together- we'll burn
ashes to ashes
