Your love,  
Has a few deformities-

You're not the type of romance  
That I need in my life

You lack communication-

In the best,  
Of what the body, mind and soul  
Need for an in-depth connection-  
Daily good mornings,  
Good night kisses,  
An abundance of affection

You've got other priorities  
and that's ok

I've got mine too-  
and many other curiosities
