

## ***American Soldiers***

They come and they go  
Across, lands and oceans to foreign nations  
Leaving their loved ones in vulnerable situations

Here, we stay  
"holding down the fort"  
Lacking the courage our Soldiers drown in

Enjoying our homes  
Enjoying our meals  
Enjoying our friends  
Enjoying our families  
And our Fourth of July fireworks' celebrations

While they're wearing gas masks  
Dying of foreign gasses

To fight for our dream- American freedom  
A foreign fight in a foreign place-  
that does not belong to America

Yet, here we are-  
fighting our neighbors in masses  
over the wearing of medical masks
