

## ***Be Mine***

I want you to be mine  
Delicately claim you, like fine gold out of a mine  
and flaunt your exceptional shine

I want you to be mine  
Like a bottle of wine  
Tasting so fine  
While we dine  
On the shoreline  
Feeding each other red vines  
Sipping on white wine  
While watching the skyline

I want you to be mine  
Looking like a dime  
on a sweet Valentine

I want you to be mine  
During bedtime  
and all the time

Enough is not one time  
Or Sometimes  
Enough is all the time  
With no timeline

I want you to be mine  
Like my everyday sunshine
