

## *Blind Excuse*

We always have the excuse-  
That love is blind

Though, many times-  
It isn't that love is blind

But rather,

In denial is the mind  
In denial is the heart  
In denial is the soul

Love is blind, because we choose to ignore  
the truthfulness of the mind, heart and soul

Which is why-  
we always find ourselves in a noxious bind
