

## ***Her Hunger Game***

You watched another strike a match

She burns in flames  
and all you do is stand and watch

Where is the love you once said to have had

How can you watch her burn in chains

You don't practice what you preach  
Your loyalty, you have breached

Her flesh, you've smeared on your face  
Her ashes, you've gloriously inhaled  
Your thirst, you've over-quenched  
with her blood, that you've ingested

Treason, you've committed  
Treason, you- it shall claim

You've now become, her hunger game
