

Mesmerizing Friendship

Your friendship is as mesmerizing as a meteorite

What no one can measure-
Is the exact damage you intend to make
Once you hit ground

Your actions are like a shooting star
Gleamy, but with no actual magic

Your sincerity is like a solar eclipse
One of a kind-
Yet, with unseen and unknown risks

Even so-

I befriend you, because the offer is mesmerizing
But you too- befriend me, because mine too- is mesmerizing
