

Uninvited

I know you don't want to see me
but I'm coming over uninvited

Don't you worry
I won't be going to fight
I'll be extra soft and sweet

Sing you sweet delights
that'll tickle your feet
Tuck myself under your sheets
to caress your sleeping soul

I'm coming over tonight
It'll be a quick meet and greet

When I arrive in your dreams
I promise I'll be discreet
