

Regular - ASSEMBLY INSTRUCTIONS (PA)

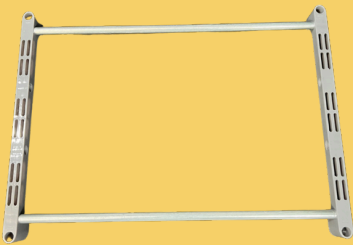

Your Hair Hang It Up arrives partially assembled. The Hair Hang It Up is built to allow you to fully dismantle. For assembly instructions for a unit that has been full dismantled OR OTHER TIPS & VIDEOS VISIT Hairrichproject.com or social @hairrichproject

When building your second and third tier of the Hair Hang It Up you will notice that you are repeating the steps used when building your first tier.

Push down on the plastic Connects using both hands. Make sure that they are firmly seated.

Part A

1 Piece

Part B

3 Pieces

Part C

6 Pieces

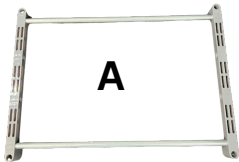

Part D

12 Pieces
Metal Bars

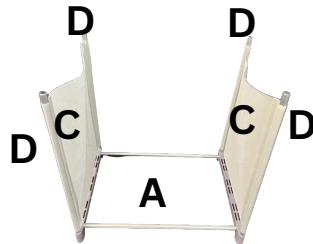

STEP 1

BUILD FIRST TIER

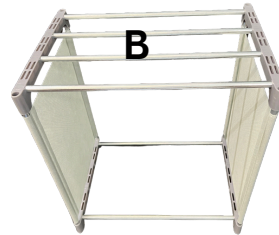

Place **PART A** on a flat surface. All four feet on bottom should be level on floor. (**Note:** The lines on the plastic connects should always face upwards).

STEP 2

Insert **PART D** into each sleeve on **PART C**. Insert the exposed bar tips into the 4 holes that are located on **PART A**.

STEP 3

Align the holes on the bottom of the **PART B** with the exposed bar tips. Push down on the connects to make sure they are seated.

Thank You
for your Purchase

COMPLETE

STEP 4

BUILD SECOND TIER

REPEAT STEP 2

STEP 5

REPEAT STEP 3

STEP 6

BUILD THIRD TIER

REPEAT STEP 2 & 3
