畫面，卻處處呈現陳氏的藝術觀：冷冷的孤獨感，靜看世事無常。

《月亮三部曲》是藝術家 陳紀椿繼同年發表《歲月靜好》後另一影像創作；
不同於傳統銀鹽攝影，改為影像語意組合的散文式創作。同場展出數位畫作，
展現藝術家在攝影以外的多樣創造力。
展覽來自同名攝影書，即將推出訂購，敬請期待。

Artist Chen, Camellia Momo

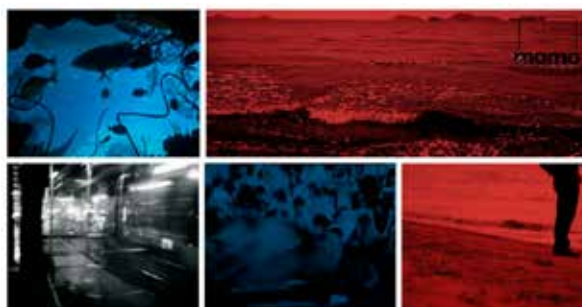

stage her 2nd Solo exhibition at Taipei

2020 Autumn, artist **Chen, Camellia Momo** stage her 2nd Solo exhibition at Taipei, present “**The Luna trilogy: Mirror**”

After experiencing the hierarchy shock in 2019, artist Chen, Camellia Momo turned into a more inner self-contemplation, a dialogue with her true self, and an examination of her inner struggle.

The adversarial nature between the crowd gathered and the individual. Will you feel less lonely if someone here with you?

In 2020, the year of mass fear. The inexplicable uniformity is completely hysterical while facing the uncertain unknown. And the inner fear is even revealed on the face behind the mask. Gathering is no longer a relationship of mutual trust. Alone is loneliness, will two is just a lonely together?

“The Luna trilogy: Mirror” tells the inner fear and struggle of being oppressed from the perspective of the first person. Awareness that loneliness is never used to it, will turning around and forsook the cruel world be another choice instead of steady blank gaze? The seemingly calm and peaceful scenes indicated Chen's artistic vision: a cold feeling of loneliness, a blank stare at the impermanence and mercurial of the world.

“The Luna trilogy: Mirror” - the artwork after the “Peaceful, but crazier out there” presented by artist Chen, Camellia Momo 2020. A photography literature installation with digital paintings, advertised her multiple and diversity creativity.
