

Alex Paul Hoffpauir

Contact

I am passionate about sustainable and evidence based design. I believe that the projects we design should strive to enhance and balance the relationship between people and nature. With a focus on engaging nature to improve human well-being. I have interest in Health, Education and Business as these areas benefit greatly from quality design.

Professional Experience

Band of Pride Office Attendant

Louisiana Tech University, Ruston La.
Fall 2017 - Spring 2019

Assisted guests and clarified information as needed, scheduled appointments and insured smooth operations within the office. Identified improvement opportunities and followed through with their execution.

Apprentice Electrician

ISC IIc, Sulphur La.
June 2018 - July 2018

Fabricated and Installed Electrical facilities while safely navigating hazardous areas at night. Worked with a team to identify potential problems and hazards then created a safety plan to execute job responsibilities effectively.

Architectural Design Intern

Element Architects, Houston Tx.
June 2019 - August 2019

Worked to review MEP project documents. Researched code and DOTD renovations to evaluate potential projects feasibility. Produced design options and revisions for a residential project.

Graphic Designer and Photographer

Freelance, Ruston La.
January 2020 - May 2020

Designed Graphics and Renderings, proposed logos for clients. Communicated with clients and helped identify design needs while meeting and setting project deadlines.

Program Counselor

Governors Program for Gifted Children
McNeese, Lake Charles La.
May 2022 - July 2022

Coordinated and led a group of 10 gifted children aged 8-12 through a challenging academic and recreational summer program. Identified points of conflict and helped students find resolutions. Demonstrated flexibility and adaptability in response to a volatile and changing program schedule.

Architectural Design Staff

Porch May Architects, Lake Charles La.
October 2022 - Present

Managed multiple projects in CA by creating Observation Reports and attended OAC meetings. Worked remotely with office colleagues to design and resolve projects as well as the related issues. Developed construction details and drawings and collaborated with professional consultants on related projects. Attended and contributed in client meetings and presented site analysis for potential projects.

Leadership Experience

Band of Pride Equipment Manager

Louisiana Tech University, Ruston La.
Spring 2019 - Spring 2022

Organized and Implemented practices for inventory as well as event set up for the Band of pride while directing a staff of two other members.

Fraternity Vice President of Membership

Louisiana Tech University, Ruston La.
Fall 2019 - Spring 2020

Oversaw the operation of and continued education of organization members and activities. Maintained and requisitioned needed materials for events.
