INVEST IN

Playa del Carmen

Playa del Carmen continues to stand out as one of Mexico's most promising tourist destinations.

- 80–90% average hotel occupancy
- 2.2 million annual visitors
- Economic impact exceeding \$1.99 billion USD

The city's infrastructure grows stronger each year from luxury hotels and resorts to world-class dining, shopping centers, healthcare services, road and airport access with both national and international flights.

With tourists arriving daily from the United States, Canada, Europe, and across Mexico, Playa del Carmen remains an attractive destination not only for vacationers but also for investors seeking for long-term opportunities with a short term gain.
