Meets with orange backgrounds were/will be sprint meets.

[2025 Top Time Report \(7/22/2025\)](#) 2026 not available yet! Does not include 2025 Championships.

All Times Converted to Short Course Meters. "Paper" Dual Meets are not included in the Results.

Because the Arctic Division has seven teams and only a five-week season, we must again schedule several tri-dual meets. This also creates byes. This year, however, we are pairing bye teams to create optional meets. If both teams agree, the optional meet will be held; if either team declines, both teams will have a bye that week. This gives every team the chance to compete each week if both sides choose to participate.
