

Thyme X Table presents:

Cocktails on the Fly:
A world tour in 12 cocktails.

“Without experimentation, a willingness to ask questions
and try new things, we shall surely become static,
repetitive, and moribund.”

- Anthony Bourdain

In the events of the last few years, it has been difficult to
get away and live the sensory experiences that come with
traveling. Lucky for us, food and drink can also offer that
sort of escapism. The core of this menu is the concept of
traveling from home, and we invite you to go nowhere,
together, with us. Each cocktail on this menu is meant to
evoke a sense of place, and has been inspired by intimate
experiences across the globe. Today, the goal is the
journey, not the destination. We hope you enjoy every
step of the way.
