Weekly TIPS

Sand —

If your ball plugs in a bunker or is considered unplayable, you do have relief options.

Under the Rules of Golf (Rule 19.3b)

Normal Relief Options (one penalty stroke): The ball must be dropped in and come to rest in the bunker within two club lengths of the original ball location no closer to the hole.

Extra Relief Option (Two Penalty Strokes):

You can take a two-stroke penalty to get relief from an unplayable ball in a bunker by dropping outside the bunker using the "back-on-the-line" method, allowing you to go as far back as you want, no closer to the hole, while keeping the original spot in line with the flagstick. This provides an extra option for difficult lies, letting you escape the bunker for a total of two penalty strokes (your stroke + the penalty) instead of facing multiple attempts from a bad spot.
