Bringing the Community Together for a Better Hyson Green

Welcome to Hyson Green Community Action! We are committed to making Hyson Green a cleaner, greener, and more vibrant place to live. Our mission is to unite residents to tackle local issues such as waste management, fly-tipping, and the lack of green spaces, while fostering a sense of community.

Who Are We?

Hyson Green Community Action is run by local residents passionate about improving our neighborhood. Through collaboration and co-production, we believe we can create a better environment for everyone, especially children and families. As individuals, we learned the power of collaboration through volunteering with Small Steps Big Changes and aim to bring these principles to Hyson Green Community Action. We're working with community groups and also looking forward to partnering with local businesses in the future.

Our Projects & Initiatives

- Community Clean-ups: Join local initiatives like Litter Picker to help keep our streets clean.
- Fly-Tipping Awareness: We encourage residents to report illegal dumping and raise awareness to make a lasting impact.
- Community Garden Spaces: We're delighted to work with garden projects to develop our goal to active local garden spaces for communities to use in the Hyson Green area.
- Supporting Local Schools: Partnering with OPAL to promote outdoor learning and play in schools. We're now working to involve local businesses to bring this vision to life.

Co-Producing Positive Change

We prioritise working together with community groups. Through collaboration with OPAL, Garden Projects, Roxie's Cat Rescue, and Community Officer, we aim to address community needs and make Hyson Green a better place.

Report Fly-Tipping with ClearWaste

Fly-tipping is a major issue in Hyson Green, but you can help! The ClearWaste app lets you report fly-tipping easily, ensuring authorities take action. Download it today!

How You Can Get Involved

- Volunteer With Us: Join clean-ups or contribute to our garden projects.
- Report Issues: Reporting fly-tipping and other environmental concerns helps make a difference.
- Spread the Word: Follow us on social media and share our updates.
- Donate Materials: If you own a business, donate items for schools and community projects. Email us to get involved.
