

For as long as I can recall, I have had a burning desire to serve and impact the lives of those around me with my whole heart, mind, soul, and strength. In my earliest career and calling, I worked in the police force, where I found myself seeking out the underdogs, the undermined, the underprivileged, the undone individuals, leading them toward freedom, security, shelter, safety, and sanctuary. I then moved into new opportunities in missions where I was able to intentionally set out to seek those who had needs bigger than they could fulfill. Witnessing firsthand the troublesome scarcity and insufficient supply of life-sustaining water amongst the underprivileged, my heart broke and my feet set out to fill a need. I spent years bringing the message of Jesus and the blessing of running water to the people of the Dominican Republic, Puerto Rico, Haiti, and Africa. I have taken countless teams to places where people need to be fed: heart, mind, soul, and strength. I am now excited once again to focus my heart on the mission field. To better impact God's time for me, I am humbly reaching out to ask you to partner with me in God's next steps in mission field work. If you would so graciously pray over the following support avenues, I would be forever grateful.

1st - Please consider adding me to your prayer list. I covet the prayers from God's prayer warriors for my heart to be in tune with God's plan for me... for my mind, and my eyes to be fixed on God and the work He has for me, for my body to remain healthy and strong and reliant on Christ through each journey, and for my soul to seek the Holy Spirit's leading. I am looking for some prayer warriors to set their alarms daily and say my name to Jesus. What a gift this would be if you'd commit to this avenue of support.

2nd— Please consider being the hands and feet with me. Would you be willing to say, here I am, send me, Lord. Where two or three are gathered in His name...His will be done. I would love to walk alongside God's people and do His work. Consider joining me on a short-term mission trip with long-term impact. I promise you that the work done is not only on the hearts you encounter but your own as well. What a gift this would be if you would consider this avenue of support.

3rd- Please consider financial assistance for the mission work of Jesus on my behalf. God continually reminds me that humility must be at the forefront of each step I take. I can't do it without prayers from His people, I can't do it without the physical assistance of His people's hands and feet. And I can't do it without the generous and faithful financial supporters who allow for travel, building/medical/food supplies, needs of the people, and sustainability of my full-time life work. Would you consider a yearly/monthly/or one-time tax-deductible financial commitment to better His kingdom through His children? I'd be humbly grateful if you'd consider this avenue of support. To do so, please click on the link: [Missionary Support Link](#)

Help is my modus operandi, my MO, my life word. See the need and fill it. And take every opportunity to hit the ground running for the sake of the Lord's work and the passion of this life work. I look forward to pressing on in service to my God and His people, running the race of life, and carrying as many along with me as I can. Thank you for your careful consideration in supporting me. I promise to share the work He is doing in my life and the people I encounter. To God be the Glory!

Joe
