**FIRST AID AND SAFETY:**

Safety is important because of the rugged nature of the Superior Hiking Trail. Each aid station is also a check in spot for hikers/runners. We do this to ensure participants are progressing in a timely manner and to ensure no one is lost. Each station is stocked with everything you need for minor bumps, bruises, pain medication and of course blisters. We also will have a sweeper and first aid officials hiking along the course to ensure safety.

**TIME CUT OFFS:**

Participants doing the two longer distances are expected to maintain a 3 mph pace throughout the course. If a participant has not arrived at an Aid Station prior to the cutoff times, they will be shuttled ahead or to the finish at Fitger's.
