Lyrics	<p>I am beast I am man I am beast I am man I am beast I am man I am beast I am beast</p> <p>Watch it all burn down Four billion years of life To feed our profit centers Mother Nature, she must die Her derivatives, feed our greed She can't coexist, with humanity</p> <p>If you find yourself in a state of scare There's no need to dread what's out there 'Cause the predators you fear on your TV screen are in the mirror, it's You and me</p> <p>We will kill The faces of the forest We will kill All that was before us</p> <p>I am beast I am man I am beast I am man</p> <p>Watch it all burn down Watch it all, burn</p> <p>The eradication of another species All in the name of commercialized gluttony</p> <p>Feel the heat on your skin We're nearing the end</p> <p>If you find yourself in a state of scare There's no need to dread what's out there 'Cause the predators you fear on your TV screen are in the mirror</p> <p>We will kill The faces of the forest We will kill All that was before us</p> <p>Faces of the forest We will kill Faces of the forest Faces of the forest Faces of the forest</p> <p>Faces of the forest Faces of the forest</p>
